EXECUTIVE SUMMARY

The Public Administration and International Relations Sector (PAIR) comprises 14 subsectors namely; the Presidency, State Department for Planning and Statistics, State Department for Devolution, Ministry of Foreign Affairs, The National Treasury, State Department for Public Service and Youth Affairs, Parliamentary Service Commission, National Assembly, Commission on Revenue Allocation, Public Service Commission, Salaries and Remuneration Commission, Office of Auditor General, Controller of Budget and Commission on Administrative Justice. However, this sector report does not include the Parliamentary Service Commission and National Assembly.

The Sector provides overall policy direction and leadership to the country, oversees national legislation as well as the human resource function in the public service. It further coordinates national policy formulation, implementation, monitoring and evaluation; resource mobilization and management; devolution oversight; implementation of Kenya foreign policy; and oversight on use of public resources and service delivery.

In order to achieve its strategic objectives, the sector will be guided by the Sector Mission which is "To provide overall policy, leadership and oversight in economic and devolution management, public service delivery, resource mobilization and implementation of Kenya's foreign policy". In appreciation of the fact that the Programmes spelt out in this report are designed to improve the general welfare of Kenyans, the Sector has been and will continue involving its key stakeholders in budget making and implementation.

During the MTEF period 2014/15 - 2016/17, the sector implemented thirty (30) programmes. The expending of the resources enabled realization of a wide range of outputs key among them: provision of leadership, policy direction and guidance to Ministries, Departments and Agencies (MDAs) resulting in stability of social, economic and political environment for national development and prosperity; expanded Kenya's diplomatic representation and footprint across the globe and strengthened Kenya's leadership role in shaping global agenda at the bilateral and multilateral levels resulting to enhanced image and diplomatic standing in the community of nations; implemented results-based management in the national government's performance contract to facilitate effective monitoring and evaluation of MDAs with regards to service delivery and resolution of public complaints; implemented effective public sector auditing of MDAs in service delivery, utilisation and accountability for public resources; facilitated equitable sharing of revenue between the national and county governments and among county governments; ensured authorization of withdrawal from public funds within the set timelines and generated 24 reports on budget implementation and monitoring; facilitated the enactment and operationalization of key legislations including the legal and regulatory frameworks governing the Public Private Partnerships, the Public Finance Management (PFM) Regulations 2015, Public Procurement and Assets Disposal Act, 2015 as well as Pension Superannuation Scheme law and implementation of the Integrated Tax Management System (ITMS); developed Human Resource Planning and Succession Management Framework, norms and standards for Human Resource Management and Competency Framework for the public service as well as reviewed and implemented a Comprehensive Medical Scheme, WIBA, GPA and last expenses for civil servants and members of the disciplined forces; provided technical assistance on human resource matters to all counties and undertook compliance audits of MDAs on organization, administration and personnel practices; undertook and completed the job evaluation exercise in the public service; finalised and published key socio-economic reports; developed master plans for infrastructure projects and finalised strategic projects across the country; and provided capacity building and technical assistance to strengthen operations of county governments.

During the period under review, the Sector's approved allocations increased from Kshs 176,094.88 million in 2014/15 to Kshs 212,832.59 million in 2015/16 and decreased to Kshs180,986.07 million in 2016/17. Actual expenditure rates averaged 84.4%. The dominant expenditure area in the recurrent vote was "Use of Goods and Services and closely followed by "Compensation to Employees". In Development Vote, grants and transfers and subsidies were the dominant form of expenditures. Part of the Development expenditures were utilized in the implementation of 172 capital projects which are at different stages of completion. The combined pending bills under the Recurrent and Development expenditures as at the end of 2016/2017 stood at Kshs. 20,318.99 million. Going forward, the Sector will strive to reduce the occurrence of pending bills.

In the 2018/19 - 2020/21 MTEF period, the Sector will implement thirty-two (32) programmes. The sector resource allocation for the MTEF period 2018/19 - 2020/21 is inadequate to meet the required resources by the sub-sectors. The total resource requirement for the sector amount to Kshs. 360,718.85 million, Kshs. 379,712.42 million and Kshs. 411,383.19 million in 2018/19, 2019/20 and 2020/21, respectively. This resource requirement is matched against resource allocation of Kshs. 249,500.45 million, Kshs. 254729.96 million and Kshs. 255,316.60 million for the same period, respectively. The resource requirements versus the allocation translates to a resource shortfall of Kshs. 111,218.39 million, Kshs. 124,982.45 million and Kshs. 156,166.59 million in 2018/19, 2019/20, and 2020/21, respectively.

The allocation of resources to the subsectors was guided by the criteria as provided in the Budget guidelines. The criteria entail mandatory/obligatory payments, ongoing projects, core poverty interventions, strategic interventions, linkage to objectives of Vision 2030 and core mandate of MDAs, among others.

In the implementation of the sector programmes, the sector noted some emerging issues that include the, increasing number of litigations that affected the pace of projects implementation, increasing number of labour unrest, changing geopolitical landscape, emerging mega trading blocs, and negative effect of gambling and betting by youth, and inadequate norms and standards in Management of Human Resource at the County Level– all of which negatively impact on the Sector.

The Sector also faced a number of challenges while implementing its programmes. Such challenges include weak monitoring and evaluation systems, increasing wage and pensions bills,

, human resource capacity gaps, austerity measures and budget cuts, inability of the economy to generate the required resources, and weak financial management both at the National and county governments among others.

To mitigate the challenges faced and address emerging issues, the Sector recommends, strengthening monitoring and evaluation, strengthening Human Resource Management at the National and County Levels, enhancing fiscal responsibility and accountability and improving procurement planning and implementation of Programs and projects.

CHAPTER ONE

1.0 INTRODUCTION

1.1 Background

The Public Administration and International Relations (PAIR) has 14 subsectors namely; the Presidency, State Department for Planning and Statistics, State Department for Devolution, Ministry of Foreign Affairs, The National Treasury, State Department for Public Service and Youth Affairs, Parliamentary Service Commission, National Assembly, Commission on Revenue Allocation, Public Service Commission, Salaries and Remuneration Commission, Office of Auditor General, Office of Controller of Budget and Commission on Administrative Justice.

Owing to its composition and placement in the Government structure, the sector's mandate cuts across all public agencies. It provides overall policy direction and leadership in the management of public affairs, and coordinates policy formulation, implementation, monitoring and evaluation. The Sector facilitates enactment of national legislation, budget execution, resource mobilization and management in the entire public service. The Sector administers prudent financial management and promotes transparency and accountability in use of public resources. In addition, it oversees the implementation of Kenya's foreign policy and links all other sectors to the rest of the world. The Sector also spearheads the implementation of devolution in Kenya by providing policy direction and leadership.

In the MTEF period under review (2014/15-2016/17), the Sector coordinated the implementation of Government strategies and policies that include the Kenya Vision 2030 through MTP II and its Flagship Projects, Sustainable Development Goals, and among others. In the 2018/19 – 2020/21 MTEF period, the Sector will implement thirty-two (32) programmes. This requires substantial amount of resources of Kshs. 360,718.85 million, Kshs. 379,712.42 million and Kshs. 411,483.19 million in 2018/19, 2019/20 and 2020/21, respectively.

1.2 Sector Vision and Mission

Vision

Excellence in public policy and devolution management, resource mobilization, governance and foreign relations.

Mission

To provide overall policy, leadership and oversight in economic and devolution management, public service delivery, resource mobilization and implementation of Kenya's foreign policy.

1.3 Strategic goals and objectives

The Sector's programs will be guided by the following 14 Strategic Objectives:

- a) To provide overall policy and leadership direction for national prosperity
- b) To promote public policy formulation, planning, coordination, implementation, monitoring and evaluation of public projects and programmes for national development;
- c) To strengthen national and county governments capacity for implementation of devolution and enhance Intergovernmental Relations;
- d) To protect Kenya's sovereignty, enhance territorial integrity and promote its foreign policy
- e) To promote prudent, financial and fiscal management for economic growth and stability
- f) To transform the quality of public service and enhance empowerment and participation of youth and other vulnerable groups in aspects of national development
- g) To promote and strengthen national legislation, provide oversight over public agencies and good governance
- h) To advice on equitable sharing of revenue between National and County Governments and among the County Governments
- i) To attract, retain and develop competent human resource, and promote good governance towards an ethical Public Service;
- j) To promote harmony, equity and fairness in public service remuneration for attraction and retention of requisite skills
- k) To promote and support good governance and accountability in the public sector for the achievement of Vision 2030 goals.
- 1) To ensure timely approval of withdrawals from the Consolidated Fund, County Revenue Fund and the Equalization Fund and other public funds.
- m) To enhance responsiveness, demand for quality services and promote administrative justice in the public sector.

1.4 Subsectors and their Mandates

- (a) The Presidency
 - Provides overall leadership for the implementation of national policy

(b) State Department for Planning and Statistics

• Responsible for National economic planning, management of national statistics and the population policy, monitoring and evaluation of economic trends and sustainable development goals and coordination of regional development authorities.

(c) State Department for Devolution

• Coordination and management of Devolution, Intergovernmental relations and capacity building to county governments.

(d) Ministry of Foreign Affairs

- Formulation, articulation and implementation of Kenya's Foreign Policy.
- (e) The National Treasury
 - Ensuring macro-economic stability; mobilization and management of public

financial resources for stimulating growth and development.

(f) State Department for Public Service and Youth Affairs

- Coordination and Management of Public Service and Youth Affairs
- (g) Parliamentary Service Commission
 - To ensure efficient and effective management of parliament

(h) National Assembly

• Legislation, oversight and representation.

(i) Commission on Revenue Allocation

• To make recommendations for equitable sharing of revenue raised nationally between the National and County Governments and among the County Governments.

(j) Public Service Commission

• To develop organizational structures for provision, management and development of competent human resource and promotion of good governance for effective and efficient service delivery.

(k) Salaries and Remuneration Commission

• To set and review salaries and remuneration of State Officers and advice on the remuneration and benefits of all other Public Officers in the National and County Governments.

(l) Office of the Auditor General

• Carry out audits of any entity that is funded from Public funds and report to Parliament and the relevant County Assemblies within statutory timelines

(m) Office of the Controller of Budget

• To oversee and report on implementation of budgets of both National and County governments to Parliament.

(n) Commission on Administrative Justice

• To promote and enforce administrative justice in the public sector and safeguard public interest.

1.5 Autonomous and Semi- Autonomous Government Agencies

The matrix below shows the Autonomous and Semi-Autonomous Government Agencies that fall under the PAIR sector.

Autonomous and Semi-Autonomous Government Agencies

| S/No. | Subsector | AGAs | SAGAs | | | | | |
|-------|------------|------|--|--|--|--|--|--|
| 1 | Presidency | - | Vision 2030 Delivery Secretariat | | | | | |
| 2. | Devolution | | a) Intergovernmental Relations Technical Committee (IGRTC)b) Council of Governors | | | | | |

| S/No. | Subsector | AGAs | SAGAs |
|-------|-------------------------------------|---|---|
| 3. | Planning and Statistics | - | a) Kenya Institute for Public Policy Research and Analysis (KIPPRA) b) Kenya National Bureau of Statistics (KNBS) c) New Partnership for Africa's Development (NEPAD)/African Peer Review Mechanism (APRM) d) National Council for Population and Development (NCPD) e) National Government Constituencies Development Fund Board f) Tana and Athi River Development Authority (TARDA) g) Lake Basin Development Authority (LBDA) h) Kerio Valley Development Authority (KVDA) |
| | | | i) Ewaso Nyiro North Development Authority (ENNDA) j) Ewaso Nyiro South Development Authority (ENSDA) k) Coast Development Authority (CDA) |
| 4 | Public Service and Youth Affairs | - | a) Kenya School of Government (KSG) b) Youth Enterprise Development Fund (YEDF) c) National Youth Council (NYC) |
| 5 | The National Treasury | a) Central Bank of Kenya b) Capital Markets Authority (CMA) c) Insurance Regulatory Authority (IRA) d) Retirement Benefits Authority | |

The constitutional commissions and independent offices falling under the Sector are: Parliamentary Service Commission; Commission on Revenue Allocation; Public Service Commission; Salaries and Remuneration Commission; Office of the Auditor General; Office of the Controller of Budget; and Commission on Administrative Justice.

1.6 Role of Sector Stakeholders

The matrix below maps out the Sector's stakeholders and the interests they have on the Sector as well the expected outcome.

Role of Sector Stakeholders

| S/No | Stakeholder | Interest in MTEF Sector | Expected Outcome | | |
|------|--|--|--|--|--|
| 1 | Ministries/Departments/ Agencies MDAs | a) Provision of overall leadership and policy direction b) Financial and human resource mobilization for implementation of planned projects and Programmes c) Positive projection of the national image and safeguarding of national interests in the world d) Efficient policy and legal legislation e) Good governance | a) Efficient and effective Public service delivery b) Economic growth and development c) International goodwill d) Good governance e) National development | | |
| 2 | Development partners | a) Public service delivery b) Prudent use of resources c) Execution of the planned projects and Programmes | a) Sustainable developmentb) Economic growthc) Improved living standards | | |
| 3 | Civil Society | a) Prudent use of resources b) Improved service delivery c) Policy guidance d) Increased participation in the formulation and execution of the budget transparency and accountability in execution of budget | a) Economic growth and development | | |
| 4 | County Governments | a) Strengthening of county institutions and capacity for service deliveryb) Speedy and timely release of resources | a) Equitable developmentb) Harmonized transition to devolved government systemc) Economic growth and development | | |
| 5 | Private sector | a) Provision of conducive business environment/Ease of Doing Business b) Increased collaboration with Government under Public Private Partnership (PPP) c) Fiscal discipline and macroeconomic stability | a) Increased investment opportunities b) Increased growth and Development c) Economic growth and sustainable development | | |
| 6 | Citizens | a) Policy and Leadership direction b) Good governance Improved service delivery c) Equitable resource distribution Transparency and accountability d) Macro –economic stability, growth and development | a) Socio-economic growth and developmentb) Equitable economic development | | |
| 7 | Public Servants | a) Provision of adequate resources for performing assigned functionsb) Improved staff welfare | a) Improved service deliveryb) Economic growth and development | | |
| 8 | Trade Unions | a) Improved terms of serviceb) Involvement in policy decisions affecting public servants | a) Improved service deliveryb) Cordial working relationships | | |
| 9 | Media | a) Transparency in budget executionb) Increased access to information | a) Increased public awareness | | |

CHAPTER TWO

2 **PROGRAMME PERFORMANCE REVIEW 2014/15 – 2016/17**

This chapter provides performance review of the sector for the period 2014/15 - 2016/17. The PAIR sector achieved most of its set targets during the period under review, which provides justification for the proposed programmes and projects for the period 2018/19 to 2020/21 as articulated in chapter 3 of this report.

2.1 Review of Sector Programme Performance

Table 2.1 presents the key outputs that the Sector sought to deliver, the indicators that were used to measure the outputs, the planned targets for the respective financial years, and the achievements made over the period under review.

Table 2. 1: Sector Programme Performance

| Programme | ammeKey OutputKey Performance IndicatorsPlanned TargetAchieved Target | | | | | Remarks | | | |

2.2 Analysis of Expenditure Trends

This section analyses recurrent approved budget versus actual expenditure and economic classification of the PAIR Sector for the review period. In the financial years 2014/15, 2015/16, and 2016/17 PAIR sector's approved recurrent budget increased from Ksh.74.6 billion, to Kshs.91.5 billion and Ksh.94.4billion respectively. The actual expenditure followed a similar trend, increasing from Kshs.69.1 billion in to Kshs.77 billion and Kshs.87 billion respectively. The absorption rates were 92.6%, 84.2% and 92.1% for 2014/15, 2015/16 and 2016/17 financial years respectively. The under absorption in 2015/16 financial year was occasioned by late approval of the supplementary budget among other reasons.

Appropriation in Aid (AIA) collected in the Financial Years 2014/15, 2015/16 and 2016/17 stood at 74.5 %, 80.8 % and 64.11 % of the budgeted amount respectively. The low Performance for AIA resulted from Planning and Statistics subsector which collected 10.8%, 11 % and 0.3 % for 2014/15, 2015/16 and 2016/17 FY respectively, due to the late submission of expenditure returns from the SAGAs and Regional Development Authorities, hence, the expenditure had not been uploaded in IFMIS. The State Department for Public Service and Youth Affairs subsector collected 17.6 %, 25.6% and 36.9 % in 2014/15, 2015/16 and 2016/17 FY respectively resulting from low performance in the NYS farms and Government Training Institutes.

Expenditure on compensation of employees registered absorption rates of 94.9 %, 92 % and 97.6% for FY 2014/15, 2015/16 and 2016/17 respectively. Absorption of transfers and grants was 97.3% 75.4% and 98.5% for the same period, while other recurrent expenditures recorded absorption rates of 87.6%, 87 % and 86.3 % for FY 2014/15, 2015/16 and 2016/17 respectively.

The analysis of recurrent expenditure by sector is shown in the table 2.2 below

| PAIR Sector | 1 | Approved Bud | get | Actual Expenditure | | | |

Analysis of Development Expenditure

The development expenditure is funded from GOK, Loans, Grants and local AIA. During the period under review, only eight (8) subsectors were allocated funds for development as shown in table 2.3. The development allocation expanded by 20% from Kshs.101.4 billion in FY 2014/15 to Kshs.121.3 billion in FY 2015/16 occasioned by increased loan receipts this declined to Kshs.86.5 billion in FY 2016/17. In the period under review, the expenditure was Kshs.75.5 billion, Kshs. 100.6 billion and Kshs. 71.5 billion in the FY 2014/15, 2015/16 and 2016/17 respectively. The low development absorption in some of the subsectors arose from non-inclusion of the resources in the County Allocation of Revenue Act (CARA) for 2016/17 and non-absorption of development funds by Office of the auditor general in 2014/15 FY due to delay in processing of the title deed for plot earmarked for development.

Analysis of Performance of Capital Projects

During the period under review, a total of one hundred and seventy-two (172) projects were implemented by the Sector. The projects are at various stages of completion.

Table 2. 6: Analysis of Performance of Capital Projects

Table 2.6 (annexed in this report) presents an analysis of the performance of capital projects implemented by the Sector in the 2014/15-2016/17 period. The analysis captures among other things: the contract details of the respective projects; contract cost and the expected final cost; the budget provisions and the completion status in the three years of the review; and the specific needs which the project was designed to address.

2.3 Review of Pending Bills

During the financial years 2014/15, 2015/16 and 2016/17 the sector incurred pending bills amounting to Kshs.10,320.94 million, Kshs.5,041.93 million and Kshs.4,956.13 million

respectively. This comprised recurrent pending bills of Kshs.2,054.49 million, Kshs.2,835.52 million and Kshs.2,828.54 million and development pending bills of Kshs.8,266.45 million, Kshs.2,206.40 million and Kshs.2,127.59 million for the financial years 2014/15, 2015/16 and 2016/17 respectively. Pending bills arising from lack of exchequer were Kshs.12,762.53 million while those arising from lack of provision were Kshs.7,465.71 million, throughout the period under review. Pending bills amounting to Kshs.90.75 million arose due to other factors such as procurement challenges on the e-procurement platform and IFMIS delays.

Out of the total pending bills of Kshs.20,318.99 million recurrent pending bills accounted for 38 per cent while development pending bills accounted for 62 per cent of the overall bills. 63 per cent of the bills were due to lack of exchequer, 36 per cent due to lack of provision while less than 1 per cent were due to other factors. Pending bills have gradually declined from 51 per cent, to 25 per cent and 24 per cent in the financial years 2014/15, 2015/16 and 2016/17 respectively.

The sector put in place administrative measures to ensure reduction of pending bills as reflected in the declining trend of its proportion to total expenditure. The summary of pending bills is indicated in table 2.7.

| Type/Nature | Due to Lack | of Exchequer | | Due to Lack of Provision | | | |

Table 2. 7: Summary of Pending Bills by Nature and Type (Kshs. Million)

CHAPTER THREE

3. MEDIUM TERM PRIORITIES AND FINANCIAL PLAN FOR THE MTEF PERIOD 2018/19 -2020/21

This chapter provides the medium term priorities for the sector for the period 2018/19 to 2020/21.

3.1 Prioritization of Programmes and Sub-Programmes

3.1.1 Programmes and their Objectives

During the 2018/19 - 2020/21 MTEF budget period the Sector will implement thirty-two (32) programmes. The programmes and their corresponding objectives are as shown in the schedule below:

Sector Programmes and Objectives

| S/N | Programme | Objective |
|-----|--|---|
| 0 | | |
| 1. | State House Affairs | To facilitate efficient and effective execution of the President's mandate as per the constitution and other laws |
| 2. | Deputy President Services | To facilitate effective support to the Presidency in providing overall policy direction and leadership |

3.1.3 Programmes by Order of Ranking

The programmes in the sector were ranked based on their conformity to the ten factors listed below.

- *a)* Immediate response to the requirements and furtherance of the implementation of the Constitution.
- *b)* Linkage of the programme with Kenya Vision 2030 objectives and its 3rdMedium Term Plan (2018 2022).
- c) Degree to which a programme addresses core poverty interventions.
- *d*) Degree to which the programme is addressing the core mandate of the sub-sector.
- *e)* Expected outputs and outcomes from a programme.
- *f*) Linkages with other programmes within the sector.

recurrent and development are shown in tables 3.2to 3.3below.

- g) On-going programmes/projects.
- *h*) Contribution to Prudent Financial Management.
- *i*) Requirement for counterpart funding for donor supported programmes.
- *j*) Affirmative action and harmonization

3.2 Analysis of the Resource Requirement versus Allocation by Sector

The sector resource requirement is Kshs. 360,718.85 million, Kshs 379,712.42 million and Kshs. 411,483.19 million in 2018/19, 2019/20, and 2020/21 FY respectively compared to an allocation of Kshs. 249,500.45 million, Kshs. 254,729.96 million and Kshs. 255,316.60 million over the same period. This represents a resource shortfall of Kshs. 111,218.39 million, Kshs. 124,982.45 million and Kshs. 156,166.59 million in 2018/19, 2019/20, and 2020/21 FY respectively. The sector resource allocation will increase by Kshs. 15,353.57 million (6.6%) from Ksh234,146.88 million in 2017/18 FY to Kshs. 249,500.45 million in 2018/19 FY. The sector has allocated Kshs 143,112.98 million and Kshs. 106,387.48 million in 2018/19 as recurrent and development compared to their respective baselines of Kshs.132,826.11 million and Kshs. 10,286.87 million or 7.7% and Kshs. 5,066.71 million or 5% for recurrent and development respectively. The sector's resource requirements versus allocations for both

3.2 Analysis of the Resource Requirement versus Allocation by Sector

An analysis of resource requirements versus allocation by sector is shown in table 3.2 below:

Table 3.2 (a) : Summary Analysis of the Resource Requirement versus Allocation by Sector

| Public Administration and International Relations | | Baseline | | Requirement | 5 | Allocations | | |
|---|-------------|------------|------------|-------------|------------|-------------|------------|------------|
| | | 2017/18 | 2018/19 | 2019/20 | 2020/21 | 2018/19 | 2019/20 | 2020/21 |

| | Local A.I.A | - | - | - | - | - | - | - |
| Total Development | | 101,320.77 | 177,190.62 | 181,959.87 | 206,346.72 | 106,387.48 | 107,604.20 | 107,274.50 |
| Grand Total | | 234,146.88 | 360,718.85 | 379,712.42 | 411,483.19 | 249,500.45 | 254,729.96 | 255,316.60 |

3.2.1 Recurrent Resource requirement versus allocations

The sector recurrent resource requirement during the FY 2018/19 is **Kshs.183,528.23** million compared to the allocation of **Kshs. 143,112.98** million.. Recurrent resource requirements are projected to rise to **Kshs.197,752.55** million in 2019/20 and **Kshs.205,136.47** million 2020/21 compared to a projected allocation of Kshs. **147,125.76** and Kshs. **148,042.10** in 2019/20 and 2020/21 respectively. Table 3.2 below shows the analysis of the recurrent resource requirement versus allocation.

3.3 Development Resource Requirement versus allocation

The sector development resource requirement during the FY 2018/19 is Kshs. 177,190.62 million compared to the allocation of Kshs. 116,519.51 million. Development resource requirements are projected to rise to Kshs.181,959.87 million in 2019/20 andKshs. 206,346.72 million in 2020/21 compared to a projected allocation of Kshs.107,604.20 and Kshs.107,274.50 in 2019/20 and 2020/21 respectively. Table 3.3 below shows the analysis of the development resource requirement versus allocation.

| Development | Baseline | Requi | rement (Kshs. M | Iillions) | Allo | cation (Kshs. Mi | llions) |

3.3 Resource Allocation Criteria

The sector's resource allocation was informed by key Government policies under implementation in the financial year 2018/19 -2020/21, the requirements of the Kenya Constitution. The Kenya Vision 2030 and its flagship projects and the Third Medium Term Plan (2018 – 2022) were the main policy documents informing resource allocation for the MTEF period. Resource allocation was also guided by Government's focus on poverty reduction, youth and women empowerment, the need to create jobs for the youth in the areas of Manufacturing & Industrialisation and food security. Consequently, programmes with high inclination towards the above were given priority for purposes of stimulating economic growth and development in order to address existing poverty to transform the lives of Kenyans.

The sector also gave priority to Government's obligations in the fulfilment of its legal and other mandatory requirements such as ongoing projects for which significant funding has already been committed in the past period. In this regard, provisions for such programmes were set aside and ring fenced during the sharing of resources. Such programmes included the NG-CDF which is a legal obligation for the sector and the mandatory subscriptions to international organizations. Strategic intervention was also a key criterion for sharing the resource envelope. Consequently, the resources for these projects were identified for 2018/19 -2020/21 and ring fenced before sharing was done. To ensure equity in the resource sharing, one off expenditures were identified in the subsectors and netted out to free resources for other subsectors. The other criterion used was consideration of affirmative action in line with the Jubilee Government policies. However, some of the sector priorities were not allocated resources due to resource constraints. This is elaborated in appendix two of the report as unfunded priorities.

3.3.1 Key Priorities for the Sector

Over the MTEF period, the sector will prioritize the above allocation on the following key priorities:

- Fulfilment of constitutional mandates of the President and the Deputy President.
- Provision of leadership for national unity, growth and prosperity.
- Provision of policy direction and oversight to Ministries, Departments and Agencies for sustainable growth.
- Fostering intergovernmental relations between the two levels of government.
- Affirmative initiatives towards enhancing access to health, empowerment of women under the First Lady's and Deputy President's Spouse programmes.
- Coordinating formulation and implementation of national development policies.
- Production of national statistics for evidence based decision-making.
- Coordinating implementation of integrated regional development initiatives.
- Ensuring successful implementation of devolution
- Managing inter-governmental relations
- Articulation of Kenya's Foreign Policy at the International, Continental, Regional and Multilateral Forums.
- Strengthening and Expanding Kenya's Diplomatic Footprint and Representation:
- Promotion of Economic and Commercial Diplomacy
- Foreign Policy Research and Technical Cooperation
- Ensuring prudent financial management in the public sector.
- Ensure macro-economic stability for sustainable development.

- Mobilization and efficient allocation of resources for development.
- Regulation of the financial services sector.
- Public Service Transformation
- Youth Empowerment
- Promoting equitable sharing of revenue between National and County Governments and among counties
- Promoting financial management and financing of county governments
- Human Resource Management and Development in the Public Service
- Promotion of Governance, Ethics and National Values in the Public Service
- Harmonization of remuneration and benefits in the public service.
- Promoting good governance and accountability in the public sector
- Overseeing budget implementation for both national and county governments.
- Promotion of Administrative Justice and oversight on access to information Act 2016

3.4 Sector Linkage to the 'Big Four' Priorities

In the Financial Year 2018/19 and the medium term, the main focus will be on 'Big Four' priority areas namely: universal healthcare, food and nutrition security, affordable housing, industrialization, manufacturing and food processing. The PAIR Sector will mainly play the role of an enabler to the Big Four priorities.

The Sector provides overall policy direction and leadership in the management of public affairs, and coordinates policy formulation, implementation, monitoring and evaluation. The achievement of the Big Four will require well-coordinated and integrated public and private investment in high impact areas expected to facilitate achievement of the goals. The Sector as a provider of the overall policy direction and leadership in the management of public affairs will therefore support the Big Four by coordinating development of a framework for overall development of the country.

In addition to the policy direction and overall coordination of the Big Four priorities, the sector will also undertake the following administrative functions with regard to the big four priorities: facilitate resource mobilization that is required by the big Four Initiatives, develop and implement policies and incentives like on taxation to attract investment, audit of big four expenditure, recruitment for big four priorities requiring specialized personnel, resolve public complaints relating to the four priorities, enact necessary legislation to facilitate implementation, and entrench the priorities in the resource sharing formula and marginalization policy among other actions.

The Devolution Support Services programme is concerned with policy interventions; sectoral engagements; development and implementation of frameworks for the management of concurrent functions; capacity building; value for money audits; facilitation of planning and budget execution; transfer of funds to county governments for specific projects; and urban planning and development. Through the programme, the Sector will facilitate inclusion Big Four in County Integrated Development Plans.

With regard to foreign relations, the sector will also be instrumental in the following initiatives: identification and negotiation to secure markets for Kenyan goods and services (exports); identification and attraction of foreign investors; securing Official Development

Assistance (ODA) / budget support and securing technical assistance which will involve transfer of modern technology, materials, expertise etc., such as in housing and modern farming.

The Sector will through NYS equip the youth with necessary skills through vocational training to produce skilled manpower for manufacturing, construction, and agriculture The youth will also provided with loans to set up small manufacturing enterprises and undertake agribusiness.

The Sector will promote universal health care through continued management of the civil servants medical insurance and provision of HIV/AIDS, Tuberculosis and Malaria medical supplies. Through the Regional Development Authorities, the Sector will undertake various programmes as a driver of big four priorities. These include: multi-purpose dams and small scale irrigation projects to enhance food security; and small industries such as leather, fruit and honey processing industries to harness potential of various regions.

3.4.1 Summary for allocation for enablers of the 'Big Four' interventions.

In the financial year 2018/19 the Sector has allocated **Kshs 20.3billion** for big Four enablers and **Kshs. 2.1billion** for big Four drivers. The allocations are under both the recurrent and development estimates.

3.4.2 Outputs for the 2018/19 and the Medium Term

The following key targets and outputs among others are planned in the medium term to facilitate achievement of the Big Four priorities:

- Provide HIV/AIDS medical supplies for 3,968,279 beneficiaries, Tuberculosis medical supplies for 294,550 beneficiaries, and Malaria medical supplies for 21,784,770 beneficiaries; and medical cover for civil servants and their dependents, all which will promote universal health care;
- Extend credit facilities to 5,000 farmers and 3,500 SMEs;
- Procure 800 units of vehicles for the National Police service to facilitate policing which is necessary for enhancing security, a prerequisite of big four;
- Train 100 officers on Public Private Partnership mode of funding;
- Construct 200,000 Low cost Housing units;
- 15,000 acreage of land under food production in National Youth Service farms to improve food security and;
- Train 45,000 youth through National Youth Service Vocational Training to provide skilled manpower for various service sectors are provided;

CHAPTER FOUR

This chapter gives the cross sector linkages, emerging issues and challenges facing the PAIR sector in the implementation of its budget.

4. CROSS SECTOR LINKAGES AND EMERGING ISSUES/ CHALLENGES

4.1 Cross Sector Linkages

The Sector provides overall leadership, policy direction and oversight in the management of public affairs. It coordinates national government business, Kenya Foreign Policy and Diplomatic relations, resource mobilisation, revenue sharing between the two levels of government and among counties, planning, budgeting and the overall public finance management, devolution affairs, human resources, public service remuneration and benefits. The Sector also facilitates the provision of official statistics and supports public policy research, both of which are critical for planning purposes by the government, private sector and civil society. Also, the sector plays a major role in public service performance management and promotion of national values and principles of governance.

Further, the sector plays a key role in the coordination of intergovernmental relations through the established intergovernmental mechanisms. The Summit, Intergovernmental Budget and Economic Council (IBEC), Council of Governors (CoG), and the Intergovernmental Relations Technical Committee (IGRTC) play a key role in fostering good relations under the devolved system of government. The sector through Parliament, National Treasury, Constitutional Commissions and Independent Offices provides overall leadership in the division of revenues and promotes prudent utilisation of public resources by both levels of government. In addition, the sector facilitates other Sectors in policy guidance and formulation, legal, regulatory and institutional reforms as well as the enactment of legislation to enable them to discharge their mandates.

The Sector in implementing its programmes links with other sectors in the fast-tracking of the implementation of the Constitution of Kenya, Kenya Vision 2030, Kenya Foreign Policy and MTP III which will be launched later this year. It also links with foreign countries, regional and international organizations in matters pertaining to bilateral and multilateral cooperation which include among others, trade and investments, development cooperation, peace and security, tourism, environment, diaspora and consular services.

4.2 Emerging Issues

During the implementation of the sector programmes, the MDAs identified issues that need to be fast-tracked to enable the effective implementation of the programmes. They include: -

a) **Labour Unrest:** Increasingly industrial Labour unrest has interrupted businesses and service delivery at national and county levels. The unrest has affected both private and public sectors thereby causing a significant drop in revenue collection, which in turn,

has affected the implementation of planned programmes and projects. The settlement of industrial disputes has continued to put pressure on the public service wage bill which in the long run will be unsustainable. Further, this pressure of wage bill has led to a distortion of planned and approved budgetary allocations to cater for the payment of increased salaries and wages awarded.

- b) Uncoordinated Civic Education and capacity building programmes on devolution: Provision of civic education and capacity building on devolution matters especially to counties is not well coordinated. This has led to the provision of non-standardised curriculum thus not achieving the intended objectives of such programmes. Additionally, there is no accreditation mechanism for the civic education providers, and therefore it has become difficulty increasingly to control the content. This has led to the challenge of the implementation of the National Capacity Building Framework which is to be implemented through the Kenya Devolution Support Programme that is to ensure standardization and oversight of the content.
- c) **Inconsistent laws and regulations on devolution:** Many laws passed before the March 2013 general election are inconsistent with the devolved system of governance. This has hampered effective service delivery by both the national and County governments, and in some instances, resulted in conflicting mandates, especially the concurrent functions. Some of the laws that need to be reviewed include; Urban Areas and Cities Act, County Government Act. Most sector bills that were intended to operationalize the devolved functions have not been enacted
- d) **Changing geopolitical landscape**: The foreign policy environment that Kenya operates in is dynamic, to the extent that global interests are constantly shifting and influencing decisions being made at bilateral, regional and multilateral levels. This has resulted in an increasingly growing demand for Kenya to strengthen its strategic direction and engagement. The growing expectations to respond to increasing threats of terrorism and the inward-looking nationalism in various regions needs Kenya's intervention at the presidency level, which in turn, exerts more pressure on the need for more resources for the sector.
- e) **Emerging mega trading blocs:** Presently, three Major Regional Trading Agreements (MRTAs) are envisaged: the Transatlantic Trade and Investment Partnership (TTIP), between the European Union and the other member States; the recently concluded Trans-Pacific Partnership (TPP), between the United States and eleven other nations across the Pacific region; and the Regional Comprehensive Economic Partnership (RCEP), between sixteen economies from Asia and the Pacific. If these agreements are implemented, they would considerably modify the world trade landscape with Kenya and likely to affect multilateral and bilateral agreements.
- f) Litigations: The country has experienced an increased number of litigations both locally and by staff deployed in the Kenya Missions abroad. In addition, litigations related to procurement and implementation of projects has contributed to the slow implementation and escalation of costs of projects. The resolved cases arising both local and foreign missions, in many instances, have led to the termination of contracts and are very costly to execute.
- **g) Country boundary disputes and cross-border conflicts:** The Country has witnessed increasing number of cases from the neighbouring countries relating to boundary disputes such as Kenya and Somalia, Kenya and Ethiopia, Kenya and South Sudan

and Kenya and Tanzania among others. Some of these cases have hampered Kenya's ability to exploit the marine resources under the blue economy. Cross-border conflicts also have serious ramifications in the socio-economic development of our country and have impacted negatively on the livelihoods of the communities living along the borders.

- h) Youth Radicalization: Radicalization of the youth increases insecurity in the country. This has led to a large number of unemployed youth being enrolled in illegal activities in the name of addressing their needs. This then calls for harnessing this exploited cohort through providing intervention programs and activities to sensitize them through the Youth Enterprise Development Fund, National Youth Council, UWEZO and other youth affirmative mechanisms. The result will be the creation of conducive environment for job creation, hopefulness and patriotism.
- i) **Negative effect of Gambling and betting by youth:** Gambling and betting tendencies by youth tends to affect their productivity, focus and resources.
- j) **Formation of County Economic regional blocs:** There has been the emergence of county economic regional blocs which are not guided by any integration framework to guide their operations and management.

Slow Pace in implementation of flagship projects: The flagship projects were the foundation upon which the Vision 2030 targets were based on. Therefore, the slow pace has hampered the envisaged economic growth and development.

k) ICT operationalization across sectors: Technology as a component is key in Transforming government's efficiency and effectiveness. The next step is the integration of service delivery to technology through the incorporation of systems and personnel equipped on agreed relevant standards.

4.3 Challenges

During the financial year, the following cross-cutting challenges have been experienced by the sector: -

1. Shortfall in revenue collection.

There have been revenue shortfalls experienced in both levels of government necessitating budget cuts which in turn has led to non-completion of planned programmes and projects. This has led to unsatisfactory service delivery and non-adherence of the fiscal responsibility principles.

2. Slow Implementation of Capital Projects.

The implementation of capital projects in the Sector is hampered by systemic challenges such as donor conditionalities, poor planning and procurement process, among others, resulting in low absorption of funds. Further, the incompatibility of the Public Procurement and Assets Disposal Act, 2015 with procurement procedures in foreign countries has affected implementation of capital projects in Kenya's foreign missions. In addition, peculiar weather conditions in Europe, Americas and Asia leave a very small window for implementation of capital projects and vision 2030 flagship projects.

3. Non-Adherence to Public Financial management and Public Procurement Regulations.

The Auditor General's reports have continued to cases of non-adherence by MDAs financial and procurement regulations. For example, most county governments are yet to embrace and operationalize IFMIS fully. Similarly, Kenya Missions abroad have not operationalised IFMIS. The capacity of counties on budget preparation, execution and monitoring and evaluation is weak. These have hindered optimal budget allocation, absorption, timely implementation and financial reporting and sometimes misappropriation of public funds.

- 4. **Pending Bills.** Accumulation and payment of pending bills have negatively affected the implementation of the sector's budget. The payments of the pending bills as the first charge in the succeeding financial year leads to the derailment of planned programmes for the subsequent years, which sometimes leads to stalling of sector programmes and projects, and compromising service delivery.
- 5. **High rental expenditure for MDAs and Foreign Missions.** The country is spending large sums of money in rental expenditure for MDAs and diplomatic missions. In addition, inadequate funding for maintenance and repairs of government-owned properties has resulted in gradual dilapidation of the properties and the need for redevelopment.
- 6. **Human Resource Capacity Gaps.** Freeze on employment and re-organisation of governments at both levels has created capacity gaps. This has constrained performance in public sector thus hampering effective service delivery.
- 7. **Disasters and Emergencies.** Prolonged drought experienced for the better part of the year has caused food shortages. Heavy rains in other areas of the country have led to the destruction of property and infrastructure leading to huge losses. The intervention measures for drought, floods and other emergencies has put pressure and diversion of the available resources.
- 8. **Foreign Exchange Losses:** The budget of Kenya Missions abroad is prepared in Kenya shillings as per the requirements of the PFM Act. The budgeted funds are transferred to recipient Missions on a quarterly basis. To facilitate the transfer, multiple translations from Kenya Shillings to the currency of remission and then to the currency of the recipient country. This leads to huge net foreign exchange losses which erode their allocated budgets.
- 9. **Evolving global security threats:** The evolving global security threats characterized by acts of terrorism, transnational crimes, cyber-attacks, civil wars, drug trafficking, human trafficking, and money laundering among others have become a major challenge world over. This demands extra resources to the sector to mitigate against the security threats.
- 10. **Multiple Accreditation of Kenya Missions Abroad:** To enhance Kenya's diplomatic footprint, the sector has adopted a strategy of Multiple Accreditation of Kenya Missions abroad where it is not economically viable to open a fully-fledged Mission. The Missions are accredited to an average of five countries without corresponding budget allocations and sufficient human resource deployment, hence hindering effective representation. For instance, the Kenya Mission in Nigeria besides representing Kenya in Nigeria is accredited to Cote d'Ivoire, Togo, Ghana, Liberia, Benin, Sierra Leone, Cameroon, Equatorial Guinea, Guinea, The Gambia, Senegal and ECOWAS.

- 11. **Reallocation of Financial Resources and Budget Cuts:** The reallocation of resources emanating from the National Assembly during the budget-making process has resulted in the non-achievement of the planned programmes and projects. Further, the budgets cuts implemented during austerity measures in the year have sometimes diverted resources from key programmes thus delay in achievement of the planned outputs.
- **12.** Youth Unemployment: The youth constitute about 36 percent of the country's human resource. However, according to World Bank and Vision 2030 report (Youth Employment initiatives in Kenya, January 2014) youth unemployment has been alarming since 61 percent of the youth population are unemployed. As a result, youth potential has remained unexploited to the optimum level as they have been excluded in designing, planning and implementing programs and policies that affect them.

CHAPTER FIVE

5.0 CONCLUSION

The PAIR Sector spearheads the implementation of the country's development agenda and the Constitution. Broadly, the fourteen subsectors in the Sector provide overall leadership and oversight in the management of the economy; national planning and statistics; resource mobilization, allocation, division and management; human resource management and development; implementation of devolution; fostering international relations, legislation,

During the 2018/19 – 2020/21 budget cycle, the Sector will continue supporting the Government towards realizing the targets of the third Medium Term Plan (MTP III) of the Kenya Vision 2030. In addition, the Sector will endeavour to meet the diverse expectations of its stakeholders which largely revolve around effective leadership, macroeconomic stability and improved service delivery.

The PAIR sector's total recurrent and development approved a budget for the period 2014/15, 2015/16 and 2016/17 Ksh. 176,094 million, Ksh. 212,831.6 million and Ksh. 180,986.1 million respectively. The actual expenditure for the period was Kshs. 144,696.8 million, Ksh. 177,622.1 million and Ksh. 158,462. 86 million for 2014/15, 2015/16 and 2016/17 financial years respectively, which translated to absorption rates of 82 percent, 83 percent and 88 percent years respectively.

Review of programmes' performance for 2014/15 - 2016/17 MTEF period demonstrates that most of the planned outputs were achieved and others are will be achieved after the ongoing projects are completed during the period 2017/18 - 2021/22. During the review period, the sector implemented thirty-one programmes. During the period 2014/15, 2015/16 and 2016/17 the sector accumulated pending bills amounting to Ksh. 10,320.94 million, Kshs. 5,041.93 million and Ksh. 4,956.13 million respectively.

In the 2018/19 – 2020/21 MTEF period, the Sector has planned to implement thirty-two programmes. The priorities identified for implementation are aligned to the Kenya Vision 2030 and the MTP III. The sector's programmes and projects have been reviewed to accommodate emerging issues and challenges. The programmes are geared towards achieving a diverse set of defined objectives, outcomes and outputs.

The sector resource allocation for the MTEF period 2018/19 – 2020/21 is inadequate to meet the required resources by the sub-sectors. The total resource requirement for the sector amount to Kshs. 360,718.85 million, Kshs. 379,712.42 million and Kshs. 411,483.19 million in 2018/19, 2019/20 and 2020/21, respectively. This resource requirement is matched against resource allocation of Kshs. 249,500.45 million, Kshs. 254,729.96 million and Kshs. 255,316.60 million for the same period, respectively. The resource requirements versus the allocation translates to a resource shortfall of Kshs. 111,218.4 million, Kshs. 124,982.46 million and Kshs. 156,166.59 million in 2018/19, 2019/20, and 2020/21,

respectively.

Taking cognizance of the resource constraints, the prioritization of the Sector programmes is informed by, among other things, their potential to contribute to MTP III of the Kenya Vision 2030 and poverty alleviation; one-off allocation to strategic projects and/or initiatives; extent to which the programmes address the core mandate of the respective subsector and cross-sector linkages; and the cost-effectiveness and sustainability of the programmes. Tracking of programmes' implementation will be done using the objectively verifiable indicators discussed in Chapter Three.

The Sector hosts the Presidency, ministries, constitutional commissions and independent offices whose functions cut across the entire public sector; hence its MTEF programmes link and impact on all the other sectors. Apart from specific linkages with MDAs, the Sector also facilitates linkages between the national and county governments through the intergovernmental relations mechanisms through CoG, IBEC, Summit and the IGTRC, which seeks to promote relations between the two levels of government.

Regarding budget making and implementation, the Sector has identified many emerging issues and challenges that are likely to impact on the implementation of planned programmes. The emerging issues include labor unrest; civic education and capacity building programmes on devolution; inconsistent laws on devolution; changing geopolitical landscape; emerging mega trading blocs; litigations; country boundary disputes and cross-border conflicts; youth radicalization and gambling; and the formation of county regional blocks among others.

The key challenges encountered by the Sector during the affecting the sectors identified include: shortfall in revenue collection; slow implementation of capital projects; non adherence to government financial and public procurement regulations; pending bills; high rental expenditure for MDAs and foreign Missions; human resource gaps; disasters and emergencies; foreign exchange losses; evolving security threats; multiple accreditation of Kenyan Missions abroad; reallocation of resources and budget cuts and challenges emanating from the implementation of the constitution.

CHAPTER SIX

6.0 **RECOMMENDATIONS**

This chapter provides key recommendations following the review of the PAIR Sector's expenditures and performance in the 2014/15 - 2016/17 and the proposed estimates and expected outputs for the 2018/19 - 2020/21 periods. The recommendations are aimed at improving the Sector's budget making, execution and monitoring of the allocated resources and include

- 1. Aligning Available Resources to Priority Areas: For optimal resource allocation, the sector should have a continuous engagement to deliberate and agree on sector priorities that will spur the growth of the economy growing to achieve the annual growth of 10% target set in the Vision 2030. This will require a shift of the scarce resources from low to high priority areas to ensure that resources are re-aligned to meet the desired goals and objectives. To achieve this, the sector is expected to mobilize substantial resources to finance both internally and externally to finance various programmes. Further, the sector should lobby and strengthen its justification for enhanced allocations by the Macro Working Group and Parliament. MDAs in the Sector should proactively identify projects and programmes which can be implemented within the Public Private Partnership framework to supplement government budgetary allocations.
- 2. **Strengthen own source revenue collection by counties:** The Sector to continuously support counties in building capacity for efficient and effective local revenue collection, while the oversight institutions should monitor the revenue collection processes in respective counties. The development of the policy on own source revenue should be fast-tracked to finalize and implement.
- 3. **Improving implementation of capital projects:** To improve implementation of capital projects, MDAs should institutionalize project and budget implementation committees to improve on vetting, appraisal and monitoring and evaluation of projects. They should also prepare appropriate tender documents on a timely basis to improve procurement processes and implementation of the respective projects. Kenya Missions abroad undertaking capital projects should undertake pre-implementation analysis to identify legal and other operational issues that need to be addressed to ensure such projects are not delayed. In addition, mechanisms will be developed to strengthen project planning and execution to safeguard against delays occasioned by peculiar weather patterns.
- 4. **Strict adherence to Public Financial Management and procurement regulations:** In addressing the issues of misuse and misappropriation of public resources, the sector will strengthen budget implementation and monitoring. This will ensure that the planned outputs and by the institutions as well as oversight functions on financial and governance issues. Further, counties should establish effective internal audit departments and audit committees.
- 5. **Full Roll out of IFMIS:** To improve transparency and standardize reporting, the implementation of the IFMIS should be fast-tracked to ensure full rollout to national and county governments; and Kenya Missions abroad. This process should be properly

managed and involve stakeholders so that it can achieve the intended results, reduce resistance and enhance system ownership.

- 6. Addressing pending bills: To alleviate the perennial challenge of pending bills the MDAs should institute measures to settle the pending bills. The Sector MDAs should undertake progressive monitoring of budget execution in all quarters to identify areas that may result in pending bills and put take mitigating actions. MDAs should also strictly adhere to annual work plan and procurement plans.
- 7. Acquisition of office Space and Staff Residential Houses: Rental expenditure for offices and residencies for the sector including foreign missions is a huge. The government should carry out an office space and equipment audit with a view to rationalizing. The government should take a deliberate effort to construct centralised office blocks for all MDAs, and foreign missions that are currently in the rental as this will be a sustainable option in the long run.
- 8. Addressing human resource gaps and wage bill: There is need to embrace and implement the recommendations of the Capacity Assessment and Rationalization of the Public Service (CARPS) by both national and county governments for efficiency and effectiveness in service delivery. The freezing of employment, especially for technical staff, should be waived to allow recruitment in these areas. The implementation of Salaries and Remuneration Commission recommendation on harmonization of salaries should be implemented to address the issue of wage bill and disparities.
- 9. Strengthening Human Resource Management at County Governments: There is need to develop uniform standards and norms for both the Counties and national public service to address issues related to recruitment and job evaluation.
- 10. **Strengthening monitoring and evaluation:** The sector should strengthen and build capacity for M&E structures to support effective implementation, monitoring and evaluation of policies, projects and programmes. Further, the government should increase its investment in data gathering and analysis to enable develop the informed policy choices.
- 11. Reducing delays in implementation of Government programmes resulting from litigations: To reduce litigation related to Government programmes, the Sector should promote stakeholders' Participation in the design and implementation processes for projects. The Government should also employ alternative dispute resolution (ADR) mechanisms in the resolution of emergent disputes rather than going through lengthy and expensive court processes. The capacity of the Office of the Attorney General and Department of Justice should be strengthened to comprehensively handle all public cases to minimised costs of using private attorneys.
- 12. Development of an overarching framework for the establishment of regional economic integration among counties: The sector should emphasize to develop a framework that provides for standards, norms and management of regional and economic blocs among county governments.
- 13. **Implement Youth Empowerment program:** Innovative programs aimed at enhancing youth empowerment and productive engagement need to be initiated and implemented to all the youth population. Some of the programs the sector has planned to undertake to solve some of the youth programs include; internship programs and industrial attachment, National Youth Service youth empowerment program among others. Further, to eradicate radicalization, there is a need to train and provision of employment

opportunities. In addition, patriotism and value system would be enhanced through organized group training.

The foregoing recommendations will require formulation of specific actions by various sectors. In this regard, it is expected that all the actors and the respective subsectors in the PAIR Sector will take proactive actions to actualize the recommendations.
