KENYA AND THE GOVERNMENT OF IRELAND FOR THE ELIMINATION OF
DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME AND THE
PREVENTION OF TAX EVASION AND AVOIDANCE

The Government of the Republic of Kenya and the Government of Ireland,

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to conclude an Agreement for the elimination of double taxation with respect to taxes on income, without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Agreement for the indirect benefit of residents of third States),

Have agreed as follows:

Article 1
Persons Covered

1. This Agreement shall apply to persons who are residents of one or both of the Contracting States.
2. For the purposes of this Agreement, income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either Contracting State shall be considered to be income of a resident of a Contracting State but only to the extent that the income is treated, for purposes of taxation by that State, as the income of a resident of that State.

Article 2
Taxes Covered

1. This Agreement shall apply to taxes on income and capital gains imposed by each Contracting State, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and capital gains all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property.
3. The existing taxes to which the Agreement shall apply are in particular:
 - (a) in the case of Ireland:
 - (i) the income tax;

 - (iv) the capital gains tax;(hereinafter referred to as "Irish tax");
 - (b) in the case of Kenya, the income tax chargeable in accordance with the provisions of the Income Tax Act;

(hereinafter referred to as "Kenyan tax").
4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

Article 4 *Resident*

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by this Agreement except to the extent and in such manner as may be agreed upon by the competent authorities of the Contracting States.

Article 5
Permanent Establishment

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:
 - (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) a mine, an oil or gas well, a quarry or any other place of onshore extraction or exploitation of natural resources;
 - (g) an installation or a structure used for the onshore exploration of natural resources; and
 - (h) a warehouse, in relation to a person providing storage facilities to others.
3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than 183 days.

For the sole purpose of determining whether the period referred to in this subparagraph has been exceeded,

- (i) where an enterprise of a Contracting State carries on activities in the other Contracting State at a place that constitutes a building site or construction or installation project and these activities are carried on during one or more periods of time that, in the aggregate, exceed 30 days without exceeding 183 days, and
- (ii) connected activities are carried on at the same building site or construction or installation project during different periods of time, each exceeding 30 days, by one or more enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the period of time during which the first-mentioned enterprise has carried on activities at that building site or construction or installation project.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e),

provided that such activity, or in the case of sub-paragraph (f), the overall activity of the fixed place of business is of a preparatory or auxiliary character.

5. Paragraph 4 shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State and

- (a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of this Article, or
- (b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

6. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities

which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

8. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

9. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

10. For the purposes of this Article, a person or enterprise is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person or enterprise shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person or enterprise possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise or in the two enterprises.

Article 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term

shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7 *Business Profits*

1. Profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits that are attributable to the permanent establishment in accordance with the provisions of paragraph 2 may be taxed in that other State.

2. For the purposes of this Article and Article 24, the profits that are attributable in each Contracting State to the permanent establishment referred to in paragraph 1 are the profits it might be expected to make, in particular in its dealings with other parts of the enterprise, if it were a separate and independent enterprise engaged in the same or similar activities under the same or similar conditions, taking into account the functions performed, assets used and risks assumed by the enterprise through the permanent establishment and through the other parts of the enterprise.

3. Where, in accordance with paragraph 2, a Contracting State adjusts the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States and taxes accordingly profits of the enterprise that have been charged to tax in the other State, the other State shall, to the extent necessary to eliminate double taxation on these profits, make an appropriate adjustment to the amount of the tax charged on those profits. In determining such adjustment, the competent authorities of the Contracting States shall if necessary consult each other.

4. Where profits include items of income or gains which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 *International Shipping and Air Transport*

1. Profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that State.

2. Profits of an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State. However, the tax so charged shall not exceed 50 per cent of the tax otherwise imposed by such Contracting State.

3. For the purposes of this Article, profits derived from the operation of aircraft in international traffic include profits derived from the rental of aircraft if such aircraft are operated in international traffic or if such rental profits are incidental to other profits described in paragraph 1.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 *Associated Enterprises*

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

3. The provisions of paragraph 2 shall not apply where judicial, administrative or other legal proceedings have resulted in a final ruling that by actions giving rise to an adjustment of profits under paragraph 1, one of the enterprises concerned is liable to penalty with respect to fraud, gross negligence or wilful default.

Article 10
Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, dividends paid by a company which is a resident of a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 8% of the gross amount of the dividends, except as provided for in subparagraph (b);

(b) 15% of the gross amount of the dividends, where dividends are paid by an Irish Real Estate Investment Trust (REIT).

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations. This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. Notwithstanding the provisions of paragraph 2, dividends paid by a company which is a resident of a Contracting State to:

(a) in the case of Kenya, the Central Bank of Kenya;

(b) in the case of Ireland, the Central Bank of Ireland and the National Treasury Management Agency or the bodies under its management;

(c) any other statutory body or institution wholly owned by the Government of either Contracting State, as may be agreed from time to time between the competent authorities of the Contracting States,

shall be exempt from tax in that Contracting State.

4. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 *Interest*

1. Interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State may be taxed in that other State.

2. However, interest arising in a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 12 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest referred to in paragraph 1 shall be taxable only in the Contracting State of which the recipient is resident if the beneficial owner of the interest is:

- (a) in the case of Kenya, the Central Bank of Kenya;
- (b) in the case of Ireland, the Central Bank of Ireland and the National Treasury Management Agency or the bodies under its management;
- (c) any other statutory body or institution wholly owned by the Government of either Contracting State, as may be agreed from time to time between the competent authorities of the Contracting States.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures as well as all other income treated as income from money lent by the laws of the State in which the income arises but does not include any income which is treated as a dividend under Article 10. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 *Royalties*

1. Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State may be taxed in that other State.

2. However, royalties arising in a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trademark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State where the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 *Fees for Technical Services*

1. Fees for technical services arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, subject to the provisions of Articles 8, 16 and 17, fees for technical services arising in a Contracting State may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the fees is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the fees.

3. The term “fees for technical services” as used in this Article means any payment in consideration for any service of a managerial, technical or consultancy nature, unless the payment is made:

- (a) to an employee of the person making the payment;
- (b) for teaching in an educational institution or for teaching by an educational institution; or
- (c) by an individual for services for the personal use of an individual.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of fees for technical services, being a resident of a Contracting State, carries on business in the other Contracting State in which the fees for technical services arise through a permanent establishment situated in that other State and the fees for technical services are effectively connected with such permanent establishment. In such cases the provisions of Article 7 shall apply.

5. For the purposes of this Article, subject to paragraph 6, fees for technical services shall be deemed to arise in a Contracting State if the payer is a resident of that State or if the person paying the fees, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligation to pay the fees was incurred, and such fees are borne by the permanent establishment.

6. For the purposes of this Article, fees for technical services shall be deemed not to arise in a Contracting State if the payer is a resident of that State and carries on business in the other Contracting State through a permanent establishment situated in that other State and such fees are borne by that permanent establishment.

7. Where, by reason of a special relationship between the payer and the beneficial owner of the fees for technical services or between both of them and some other person, the amount of the fees, having regard to the services for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the fees shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 14 *Capital Gains*

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic, or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains derived by a resident of a Contracting State from the alienation of shares (other than shares quoted on a recognised stock exchange), or comparable interests, such as interests in a partnership or trust, may be taxed in the other Contracting State if, at any time during the 365 days preceding the alienation, these shares or comparable interests, derived more than 50 per cent of their value directly or indirectly from immovable property, as defined in Article 6, situated in the other Contracting State.

5. Gains from the alienation of any property other than that referred to in the preceding paragraphs of this Article shall be taxable only in the Contracting State of which the alienator is a resident.

6. The provisions of paragraph 5 shall not affect the right of a Contracting State to levy, according to its law, a tax on gains from the alienation of any property derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned State at any time during the five years immediately preceding the alienation of the property.

Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the fiscal year concerned, and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and

(c) the remuneration is not borne by a permanent establishment which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that Contracting State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson acting as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Articles 7 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

3. 2. In respect of grants, scholarships and remuneration for employment not covered by paragraph 1, a student or business trainee or apprentice described in paragraph 1, shall in addition, be entitled during such education or training to the same exemptions, reliefs or reductions in respect of taxes available to residents of the State which he is visiting.

2. The provisions of this Article shall not apply to income from research if such research is undertaken not in the public's interest but wholly or mainly for the private benefit of a specific person or persons.

Article 22

In such case the provisions of Article 7 shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of the Agreement and arising in the other Contracting State may also be taxed in that other State.

Article 23
Miscellaneous Rules Applicable To Certain Offshore Activities

1. The provisions of this Article shall apply notwithstanding any other provision of this Agreement where activities (in this Article called "relevant activities") are carried on offshore in connection with the exploration or exploitation of the seabed and subsoil and their natural resources situated in a Contracting State.

2. An enterprise of a Contracting State which carries on relevant activities in the other Contracting State shall, subject to paragraph 3 of this Article, be deemed to be carrying on business in that other State through a permanent establishment situated therein.

3. Relevant activities which are carried on by an enterprise of a Contracting State in the other Contracting State for a period or periods not exceeding in the aggregate 30 days within any period of twelve months shall not constitute the carrying on of business through a permanent establishment situated therein. For the purposes of this paragraph:

(a) where an enterprise of a Contracting State carrying on relevant activities in the other Contracting State is associated with another enterprise carrying on substantially similar relevant activities there, the former enterprise shall be deemed to be carrying on all such activities of the latter enterprise, except to the extent that those activities are carried on at the same time as its own activities;

In this paragraph "exploration or exploitation rights" mean rights to assets to be produced by the exploration or exploitation of the seabed or subsoil or their natural resources in the other Contracting State, including rights to interests in or to the benefit of such assets.

Article 24

Elimination of Double Taxation

1. In the case of Kenya, double taxation shall be avoided in the following manner:

Where a resident of Kenya receives income derived from sources within Ireland, which in accordance with the provisions of this Agreement may be taxed in both Contracting States, then Kenya shall allow as a deduction from the tax on the income of that person an amount equal to the tax paid in Ireland. Such a deduction, however, shall not exceed that part of the Kenyan tax as computed before the deduction is given, which is appropriate to the income derived from Ireland.

2. In the case of Ireland, subject to the provisions of the laws of Ireland regarding the allowance as a credit against Irish tax of tax payable in a territory outside Ireland (which shall not affect the general principle hereof) -

(a) Kenyan tax payable under the laws of Kenya and in accordance with this Agreement, whether directly or by deduction, on profits, income or gains from sources within Kenya (excluding in the case of a dividend tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any Irish tax computed by reference to the same profits, income or gains by reference to which Kenyan tax is computed;

(b) in the case of a dividend paid by a company which is a resident of Kenya to a company which is a resident of Ireland and which controls directly or indirectly 5 per cent or more of the voting power in the company paying the dividend, the credit shall take into account (in addition to any Kenyan tax creditable under the provisions of subparagraph (a)) Kenyan tax payable by the company in respect of the profits out of which such dividend is paid.

3. For the purposes of paragraphs 1 and 2 profits, income and capital gains owned by a resident of a Contracting State which may be taxed in the other Contracting State in accordance with this Agreement shall be deemed to be derived from sources in that other Contracting State.

4. Where in accordance with any provision of the Agreement income derived by a resident of a Contracting State is exempt from tax in that State, such State may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

5. Where, under any provision of this Agreement, income or gains is or are wholly or partly relieved from tax in a Contracting State and, under the laws in force in the other Contracting State, an individual, in respect of the said income or gains, is subject to tax by reference to the amount thereof which is remitted to or received in that other State, and not by reference to the full amount thereof, then the relief to be allowed under this Agreement in the first-mentioned State shall apply only to so much of the income or gains as is remitted to or received in that other State.

Article 25

Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.

3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, or paragraph 6 of Article 13 apply, interest, royalties, fees for technical services and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. The provisions of this Article shall apply to taxes covered under this Agreement.

Article 26

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 25, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 27
Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 28
Assistance in the Collection of Taxes

1. The Contracting States shall, to the extent permitted by their respective domestic law, lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term “revenue claim” as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, in so far as the taxation thereunder is not contrary to this Agreement or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the

relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be:

- (a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
- (b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to carry out measures which would be contrary to public policy (*ordre public*);
- (c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
- (d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

Article 29

Members of Diplomatic Missions and Consular Posts

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

Article 30

Entitlement to Benefits

1. Notwithstanding the other provisions of this Agreement, a benefit under this Agreement shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that

benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Agreement.

2. Where a benefit under this Agreement is denied to a person under paragraph 1, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted to that person in the absence of the transaction or arrangement referred to in paragraph 1. The competent authority of the Contracting State to which the request has been made will consult with the competent authority of the other State before rejecting a request made under this paragraph by a resident of that other State.

Article 31 *Entry into Force*

Each of the Contracting States shall notify to the other, through diplomatic channel, the completion of the procedures required by its law for the bringing into force of this Agreement. This Agreement shall enter into force on the date of the receipt of the later of these notifications and shall thereupon have effect:

- (a) in the case of Kenya:

This Agreement shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Agreement at any time after five years from the

date on which the Agreement enters into force provided that at least six months prior written notice of termination has been given through diplomatic channels.

In such event, the Agreement shall cease to have effect:
