NT - PROGRAM IMPLEMENTATION UNIT

FINANCING LOCALLY-LED CLIMATE ACTION PROGRAM

JOB OPPORTUNITY

Project ID No.: BMZ-No. 2016 65 108 / 2018 65 138 (KfW- Cofinancing)

AGRICULTURE SPECIALIST Ref: FLLoCA/PIU/Agric/2024/01 1-post

1.0 Background

Financing Locally-Led Climate Action (FLLoCA) Program is a World Bank, DANIDA and SIDA Funded Government of Kenya Program. The FLLoCA Program received Development Loan from Government of the Federal Republic of Germany under KfW Development Bank. The program's development objective is to strengthen grass root resilience to the impacts of climate change, natural hazards, and other shocks/stressors by building the country's capacity to plan, implement, and monitor resilience investments in partnership with County Governments and communities. The program's two main components are 1) financing of climate-resilient investments at county and community level and 2) strengthening the national government's capacity to support County Governments' (CGs) actions on climate change, enhance the collaboration between national entities and facilitate national oversight of the Program. The Program is managed and coordinated by a Program Implementation Unit (PIU) domiciled at the National Treasury's Climate Finance and Green Economy Unit (CG&GEU). The Ministry of Agriculture and Livestock Development (MoALD); the Ministry of Environment, Climate Change and Forestry (MoECCF) and Council of Governors (CoG) bear the responsibility of all technical aspects in promoting climate resilience and Green House Gas (GHG) mitigation actions, policies, investments as well as advancement of climate smart agricultural low-carbon technologies in the broader agriculture sector (agriculture, water, environment) as well Devolved Governance. The implementation of the KfW co-financing focuses on the sixteen Counties in Western Kenya Region and involve targeted communities' priorities. Through KfW co-financing, County Climate Resilient Investments in agriculture, environment and water will be prioritized.

Therefore, FLLoCA seeks to engage an Agriculture Specialist for a 2-year contract period, subject to work requirements and satisfactory performance. The Agriculture Specialist will enter into a contract with the National Treasury and Economic Planning and will report to the NTPIU Program Coordinator. The position will be based at the PIU Office in Nairobi.

2.0 Role of the Agriculture Specialist

The Agriculture Specialist will support the FLLoCA PIU, MoALD, CoG and MoECCF on all technical aspects in promoting climate resilience and Green House Gas (GHG) mitigation actions, policies, investments as well as advancement of climate smart agricultural low-carbon technologies in the broader agriculture sector (agriculture, water, environment). He/ She will work in collaboration with other stakeholders/partners at the national and county level to strengthen their capacities to manage climate risk and ensure the delivery of locally-led climate-smart investments as well as a close coordination between the FLLoCA Program and relevant actions within the broader agriculture sector through his/her network and sector experience.

Interested candidates can obtain the detailed scope of the assignment at www.treasury.go.ke
