Also responsible for harmonious employee relations, management of all organizations' logistics, fleet and facilities.

The Director General chairs and supervises the Directors Executive Team (D.E.T)

### 3. MANAGEMENT TEAM

Mr. Stanvas Opija Ongalo holds a Masters' degree in Business Administration from Moi university, Bachelor degree in Government Administration, a Higher National Diploma in Human Resource Management and a Senior Management Certificate in Human Resource and Management.

Currently, Director Administration and Human Resource responsible for human capital, planning, recruitment, development, performance management, reward and wellness.

Also responsible for harmonious employee relations, management of all organizations' logistics, fleet and facilities.

The Director General chairs and supervises the Directors Executive Team (D.E.T)

Prof. Mary Gikungu holds a PhD in Natural Science and Mathematics (University of Bonn, Germany), M.Sc. in Conservation Biology (University of Nairobi) and Bsc in Botany and Zoology (University of Nairobi). She has published over 40 papers in peer-reviewed journals.

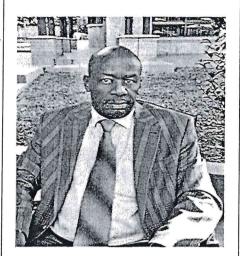

Currently, Director, National Repository and Research. She is a renowned Bee Specialist and a Conservation Biologist with wide experience in ecosystem services, climate change, environmental health and food security.

She is a Lead Author (LA) in Intergovernmental Platform on Biodiversity and Ecosystem Services (IPBES), member of Platform for Agricultural Research (PAR) –under FAO and a Mentor in African Women in Agricultural Research and Development (AWARD). In addition, she has been a Council Member of Kibabii University.

Dr. Fredrick Kyalo Manthi (EBS) obtained his PhD from the University of Cape Town, South Africa, in 2006. He is currently the Director, Antiquities Sites and Monuments thus oversees operations in all sites, monuments and museums across the country., and also a Senior Research Scientist in the Department of Earth Sciences at the National Museums of Kenya. His research centres on the study of Plio-Pleistocene mammalian faunas and their importance understanding palaeoenvironments during the course of early hominin evolution. Since 2003, Dr. Manthi has directed extensive palaeontological research/field work in particularly the Lake Turkana Basin in northern Kenya.

Currently, Dr. Manthi is leading paleontological investigations at Lomekwi, a Pliocene site to the west of Lake Turkana in northern Kenya. Lomekwi is famous for the discovery of the Pliocene hominin, Kenyanthropus platyops which is dated at 3.4 million years old. The work at Lomekwi aims at collecting more remains of this hominin taxa with a view to contributing to the debate surrounding the evolution of the australopiths, and whether or not there is any affinity between K. platyops and members of the genus Australopithecus. Dr. Manthi is also leading paleontological investigations at Natodomeri, a Middle Pleistocene site located near the Kenya-Ethiopia-South Sudan border. Because of the dearth in sediments dated to this time period, the Natodomeri sites hold great potential for contributing to our understanding of the emergence of early Homo sapiens.

Dr. Peter Gichuhi Mwethera, PhD, MBS holds a PhD (Bristol, UK); MPhil (Bristol, UK); Post Doc (North Carolina, USA); IVF (Leuven, Belgium); BSc (Hons, Kenya)

An accomplished Researcher with a successful career history spanning over 30 years with specific focus on Reproductive Health. Author of more than 40 publications including chapters in peer reviewed journals. Has been a member of several boards including Pumwani Maternity Hospital Management Board. Innovated and patented three medical products (UniPron, Smugel & Smuscan) to improve human sexual/reproductive health and improve child and maternal health. Recipient of several awards including, The Newton Fund/Royal Academy of Engineering (UK)/KENIA (2020), Kenya Presidential Award (Kenya, 2019), The Africa Union innovation award (Brazzaville-2013), Premier Tony Elumelu Entrepreneurship Award (TEEP, Nigeria, 2015,), Kenya Public Service Innovation Award (KICC, Kenya-2012) and National Commission for Science and Technology best Award (Kenya, 2012).

Director at the Institute of Primate Research offering overall directions for the institution.

Ms. Metrine Wakhungu is an advocate of the High Court of Kenya and member of the Law Society of Kenya admitted to the Kenyan bar in 2004. She holds a Master of Laws Degree (LL.M), (specialty in Law Governance and Democracy) and Bachelor of Laws Degree (LL. B), both from the University of Nairobi.

She also holds a postgraduate diploma in Law from the Kenya School of Law and a Diploma in Human Resources Management from the Kenya Institute of Management. She is the legal advisor to the NMK Board of Directors and management and responsible for Board secretariat services.

She advises on legal and statutory compliance requirements as well as on good corporate governance practices.

### Annual Reports and Financial Statements For the Year Ended June 30, 2022

Mr. Geoffrey Namachanja is a graduate of Business Management (Finance Option) and holds a Bachelor of Business Management (Accounting option) from Moi University, Certified Public Accountant of Kenya and a member of Institute of Certified Public Accountants of Kenya.

Certified Trainer of Trainers by Centre for Parliamentary Studies and Training (CPST).

The Financial Controller is responsible for the organizations' finances and financial reporting. Incharge of planning, sourcing and management of financial resources to achieve corporate objectives.

### 4. CHAIRMAN'S STATEMENT

I am extremely honoured to have been appointed to serve as the Chairman of the National Museums of Kenya (NMK) during this period 2021/2022. I would like to thank the entire NMK Board and Management team for the support given during this Financial Year. The National Museums of Kenya (NMK) being one of the leading tourist attractions in Kenya has been adversely affected by the Covid-19 pandemic and now on recovery path. As the Chairman of NMK Board, I will continue to guide the team to make NMK an excellent place where 'Heritage lives on' for Kenyans and the world.

Through focused fundraising efforts, NMK has secured funding from the Sports, Arts and Social Development Fund and Tourism Promotion Fund to a tune of Kshs. 346,206,301 and Kshs. 124,789,414 for restoration works and operations as well as digitisation of collections as shown below:

- i. The Kshs. 35,147,800 to cater for operations and maintenance.
- ii. The Kshs. 6,574,254 for renovation of buildings, Nairobi County.
- iii. The Kshs. 85,807,273 for the back filling and landscaping of Fort Jesus Sea Wall, Mombasa County
- iv. The Kshs. 15,702,474 for the construction and rehabilitation of the Njuri Ncheke Shrine, Meru County.
- v. The Kshs. 202,974,500 for Capacity-building and Undertaking of Documentation, Digitalization, Preservation and Application of Indigenous Knowledge Systems as a Strategic Asset for National Development.
- vi. The Kshs. 68,400,000 for renovation and rehabilitation of Maktau in Taita Taveta County.
- vii. The Kshs. 56,389,414 for digitization of the collections, sites and monuments.

This funding will greatly enable us restore our monuments and mausoleums that are of great historical significance in Kenya and digitize the collections, sites and monuments for ease of knowledge dissemination and storage. I take this opportunity on behalf of my Board, to thank the Board and Management of the Sports Fund and Tourism Promotion

Fund for the support they gave us, without which we would not have been able to achieve much.

It is a fact that our collections, sites and monuments continue to tell the Kenya story to the world, serve as a source of civic pride, and act as a focal point for our communities.

Finally, on behalf of the NMK Board of Directors, I commend the NMK management and staff for their commitment and dedication that enabled the institution to continue carrying out its mandate, despite the huge challenges paused by the COVID19 pandemic. May the Lord continue to guide us as we serve our beloved country.

Mr. Edwin Jacob Abonyo

Chairman Board of Directors

### 5. DIRECTOR GENERAL'S STATEMENT

The National Museums of Kenya (NMK) is a public corporation that is composed of 28 museums and 340 monuments distributed in all the 47 Counties. Its Heritage resources are a major attraction in Kenya for both Domestic tourists and International travelers particularly those that are Heritage, Science and Art enthusiasts. The post covid-19 pandemic has been a period for reflection for the Management on how to manage the organizations operations amid financial cash inflow challenges. The Museums regional stations, sites and monuments are operational and numbers of visitors are gradually increasing.

Before the pandemic, the National Museums of Kenya over the years has been funding its internal operations and maintenance expenses through internally generated revenue. This amount has averaged between Kshs. 250 to 300 million annually.

During the outbreak of covid-19, NMK was affected by cessation of international travel, closing of the schools, closing of Museums galleries, sites and monuments, our revenues have drastically declined to Kshs. 101 million compared to the approved budget estimate of Kshs. 300 million in 2020/2021 Financial Years. However, upon reopening of schools and back to back school calendar, the number of visitors slowly picked up and managed to generate internal revenue of Kshs. 193 million compared to our revised supplementary budget of Kshs. 160 million. It is for this reason that the National Museums of Kenya Board of Directors and Management are making a plea to The National Treasury for annual bailout budget of Kshs. 200 million that include payment of Contracted services such as insurances, security, cleaning services, garbage collection among others; and to cater for conservation of the World Heritage collections held at the National Museums of Kenya, and restoration of sites and monuments. If this package is not provided for annually, the Collective Memory of the Nation will be lost which will not only be a tragedy for Kenya but the whole World.

In the next Financial Year, the National Museums of Kenya may not be able to realize its

internal revenue targets due to the slow number of visitations as has been experienced in

the last Financial Year.

I am delighted to report that we received some support from Sport, Arts and Social

Development Fund for recurrent and development of Kshs. 244.6 and Kshs. 101.5 million.

The amount of 244.6 Million, Kshs. 202.9 million was for Capacity-building and

Undertaking of Documentation, Digitalization, Preservation and Application of Indigenous

Knowledge Systems as a Strategic Asset for National Development while the balance was

for operations and maintenance. Further, development funds of Kshs. 101.5 million,

Kshs.85.8 million was towards back filling and landscaping of the Fort Jesus Sea wall.

The Management also received support towards year end from Tourism Promotion Fund

for recurrent and development of Kshs. 56.4 and Kshs. 68.8 million for digitization of the

collections, sites and monuments and renovation and rehabilitation of Maktau in Taita

Taveta County respectively. NMK is also exploring ways to digitize its collections to put

all our Research and Heritage Assets on line to take advantage of the evolving frontier of

virtual access tourism. It requires substantial investment and it is for that reason we are

partnering with players such as Google, Amazon, Digital Divide and others to deliver this

new service to all our audience and visitors.

In addition, in order to remain relevant and to continue to be an active player in

government business, NMK has revised its Strategic Plan and aligned it to the Medium

Term Plan and Vision 2030 National Agenda. The commitment of the NMK board,

Management and Staff towards NMK achieving its mandate is highly appreciated.

Stanvas Ongalo

Ag. Director General

Date: 20th March 2023

NMK monitors the progress towards achievement of the Strategic Plan (2020-2022) through:

- i. Preparation of annual implementation plans for the period 2021-2022 by all offices and directorates
- ii. Translation of the annual implementation plans into annual performance contracts and annual monitoring plan
- iii. Development and issuance of progress reports at all levels

In addition, NMK will undertake a rigorous and independent evaluation of completed and/or on-going activities to determine the relevance and fulfilment of strategic objectives, development efficiency, effectiveness, impact and sustainability. The evaluation of the strategic plan shall be undertaken at the end of the month of June in each financial year.

#### 7. CORPORATE GOVERNANCE STATEMENT

Corporate governance is the process by which institutions are directed, controlled and held to account.

#### **BOARD OF DIRECTORS**

National Museums of Kenya Board of Directors is responsible for overall management and is accountable to the Minister in charge of the Ministry of Sports, Culture and the Arts for ensuring that the institution complies with the law and the highest standards of best practice in corporate governance and ethics. The Directors are committed to the need to conduct the operations of the institution with integrity, in accordance with generally accepted corporate practice, and endorse the internationally developed principles of corporate governance. All the Board members are non-executive including the Chairman of the Board except the Director General who is the chief executive officer. The Cabinet Secretary in charge of Sports, Culture and the Arts appoints the Directors for a period of three years in accordance with the constitution.

#### **BOARD MEETINGS**

The Board meets at least four times a year. The Directors are given appropriate and timely information so that they can maintain full and effective control over strategic, financial, operational and compliance issues. The Board has delegated the day-to-day operations to the Director General who is the Chief executive officer. The Board nonetheless retains responsibility for establishing and maintaining the institutions internal controls in financial, operational and compliance issues as well as implementing strategies for the long-term success of the institution.

#### **BOARD COMMITTEES**

The Board has three standing committees, which meet regularly under the terms of reference set by the Board. In addition, there are two ad hoc committees; one for

xxxvii

conducting interviews of senior staff and the other on Rules and Regulations of the Heritage Act. These committees are as follows:

#### The Audit Committee

The Audit & Risk Management Committee forms a key element in the governance process by providing an independent expert assessment of the activities of top management, the quality of risk management, financial reporting, financial management and internal audit, to the board of directors.

#### The Finance and Establishment committee

The Committee is the prime mechanism through which the Board of Directors of National Museums of Kenya (NMK) ensures that the institution's decisions, policies and practice in relation to Finance, HR, procurement, infrastructural development and all processes are in full compliance with relevant policies, and statutory requirements, regulations, Mwongozo Code of Governance as well as the Board Charter.

#### Research Committee ...

The Research Committee of the Board generally deliberates all matters pertaining to research policy and management.

#### Ad hoc committee (as and when formed)

Ad hoc committees may be formed for different tasks as determined by the Board for example conducting of interviews for senior staff.

All board committees make recommendations to the full Board of Directors for consideration.

#### INTERNAL CONTROLS

These are processes for assuring achievement of the organization's objectives in operational effectiveness and efficiency, reliable financial reporting, and compliance with laws, regulations and policies. This involves everything that controls the risks of the organization and relates to authorization and approval of transactions, segregation of

xxxviii

duties, supervision and monitoring of the activities, proper record keeping, ICT controls, valuation, custody and physical safeguards of the assets of the organization. It is the means by which the organization's resources are directed, monitored, and measured. It plays an important role in detecting and preventing fraud and protecting the organization's resources, both physical (e.g., machinery and property) and intangible (e.g., reputation or intellectual property such as trademarks).

At the organizational level, internal control objectives relate to the reliability of financial reporting, timely feedback on the achievement of operational or strategic goals, compliance with laws and regulations. At the specific transaction level, internal control refers to the actions taken to achieve a specific objective (e.g. how to ensure the organization's payments to third parties are for valid services rendered). Internal control procedures reduce process variation, leading to more outcomes that are predictable. The effectiveness of the internal controls depends on:

#### The Management

The responsibility of ensuring that the internal controls are in place and are duly adhered to rests with the management. The Chief Executive Officer (the top manager) has the overall responsibility of designing and implementing an effective internal control system and setting the "tone at the top" that affects integrity and ethics and other factors of a positive control environment. He fulfills this duty by providing leadership and direction to senior managers and reviews the way they are controlling the resources of the organization. Senior managers, in turn, assign responsibilities for establishment of more specific internal control policies and procedures to personnel responsible for the various departmental functions.

#### **Board of Directors**

Management is accountable to the Board of Directors, who provides governance, guidance and oversight. Effective Board members are objective, capable and inquisitive. They also have knowledge of the entity's activities and environment and commit the time necessary

xxxix

to fulfil their Board responsibilities. Management cannot at any one point in time override controls and ignore or stifle communications from subordinates, enabling a dishonest management, which intentionally misrepresents results to cover its tracks. Existence of a strong active Board particularly when coupled with effective upward communications channels and capable financial, legal and internal audit functions is often best able to identify and correct such a problem.

#### **CUSTOMER SERVICE CHARTER**

The Service Charter puts in place service standards that guide the National Museums of Kenya management and staff in provision of high services to its clients. This is keeping in line with existing laws, rules, regulations, norms, professional ethics and most important-customer expectations. The service Charter thus identifies areas in which the NMK operates, defines the responsibilities of the management and staff, describes the rights of clients and identifies key quality control indicators that will enable delivery of high quality services by NMK to all stakeholders/clients and the general public at large.

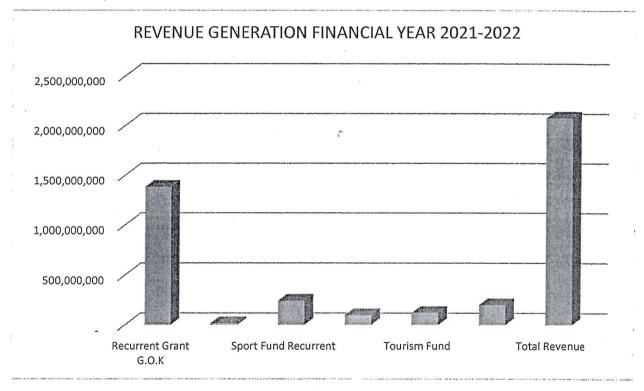

#### DIRECTORS' ALLOWANCES AND LOANS

The aggregate amount paid to Directors allowances for services rendered during 2021/2022 financial year are disclosed in the notes to the financial statements. There were no Directors loans at any time during the year.

#### 8. MANAGEMENT DISCUSSION AND ANALYSIS

#### The Entity's Operational and Financial Performance

The National Museums of Kenya internally generated revenue for twelve months stood at Kshs. 202,198,890 Government of Kenya recurrent and development grants at Kshs 1,384,010,000 and Kshs 19,100,000 respectively. In addition, the National Museums of Kenya secured funding from the Sports, Arts and Social Development Fund of Kshs. 244,696,554 and Kshs. 101,509,746 for recurrent and development respectively while Kshs. 124,789,414 for recurrent from Tourism Promotion Fund. The Management noted that the organization heavily relies on revenue from non-exchange transactions, which caters for its personnel emoluments as indicated in the chart below.

Sources of Revenue for the Year 2021/2022

TRENDS IN REVENUE GENERATION

#### Demand for efficient revenue collection

NMK has witnessed an increase in all revenue collection points during the financial year as a result of resumption of visitations and activities in its revenue streams after the global pandemic situation. However, NMK has put in place a few mechanisms which improved efficient revenue collection and still explores on how to install and operationalize the Enterprise Resource Planning System.

#### Electronic Fund Transfer

As the world has become a small village with ICT and our country Kenya embracing it, NMK has no choice but to cope up. NMK has also embraced EFT's and mobile money as a mode of settlement of payment.

#### CHALLENGES AND OPPORTUNITIES

#### Physical infrastructure and Equipment

The physical infrastructure is old and dilapidated and available resources by the organization are not sufficient for repair and maintenance. The availability and functionality of laboratory equipment and infrastructure is critical in research. It is important that funds be allocated to replace the equipment and improve the infrastructure to avoid disruptions in service delivery.

#### Title Deeds

NMK is responsible of Heritage management in the country. In the process, the various governments have continued to allocate NMK parcel of land for preservation of historic sites. The acquisition of title deed for these allotments has been a great challenge to the organisation. Hence, the ownership and value of its assets in the financial statements does not reflect true state of affairs.

#### Automation of an Enterprise Resource Planning System

The National Museums of Kenya having several revenue stations across the country still operates manually. This makes it difficult to ascertain the total receipts and expenditure at

any given period. This may lead to loss of revenues through pilferages at the various collection points hence posing a challenge for management to put or improve on their internal controls timely.

#### Marketing

The year 2021/2022 has seen the National Museums of Kenya develop online digital content, produce brochures and form partnerships in the execution of our mandate.

#### Partnerships

GA&C: Google set up an Arts and Culture platform where Museums around the world are showcasing their galleries as well as their collections. The various museums are telling different stories on Heritage. In 2020, NMK in partnership with Google launched the Shujaa stories; tales of cultural heroes. This series was immediately embraced by the public with visitor hits on the platform reaching 1million views in 6 months during the initial lockdown which saw the closure of the museums. In continuing with this relationship, NMK has begun the process of documenting the story of the slave trade that happened in Kenya. These projects are fully funded by Google LLC.

Kenya Export Promotion and Branding Agency: NMK through this partnership supported Kenya's participation in Dubai 2020. The NMK is benefiting through creation of awareness and promotion of Kenya Heritage both within and outside the country.

KeNHA: Worked with KeNHA in putting up information on our sites on the general signs i.e. Road Signage at Kariandusi Prehistoric site. This is evidenced by the revenue growth through increased visitor numbers to the site.

Wonderlust Diaries Limited: A group that was formed online for the purpose of sharing travel stories that has now turned into a business venture encouraging domestic tourism. The company's Chief Visionary Officer took up the mantle of being Kariandusi Prehistoric Site's Patron and has passionately championed the cause of fundraising for the site. It is through these fundraising efforts that NMK has erected signage for Kariandusi and is looking to build visitor-centric facilities like a canteen, student centre and ablution block.

Social Media Influencers: NMK collaborated with Churchill (Daniel Ndambuki), and the Sol Generation to film shows at the Nairobi National Museum. This was during the second Covid-19 wave. It led to increased visitor numbers to the museum and the snake park. Ministry of Tourism: Worked with the Ministry of Tourism and their strategy consultants, McKinsey, in developing new heritage tourism products. NMK proposed Avi-tourism and Pre-historic tourism circuits to showcase Kenya's rich birdlife and wealth in fossil discoveries.

#### Branding

Through the marketing team, we have improved NMK brand image through social media presence. With this, it has made it easy for customers/visitors to conduct repeat visits, customer loyalty and improved customer satisfaction levels.

#### 9.ENVIRONMENTAL AND SUSTAINABILITY REPORTING

#### i) Sustainability strategy and profile

The National Museums of Kenya will require a projected total budget of about Kshs 17.55 billion over the next three years to implement the planned development programmes and activities in this Strategic Plan (2020-2022). These resources are anticipated that 50%, (Kshs 8.8 billion), 30% (Kshs.5.3billion) and 20% (Kshs.3.5 billion) will come from external sources, internally generated and the exchequer respectively. Mobilizing external resources will require appropriate collaboration and linkages with industry players. The resource mobilization will be enhanced through the following key strategies:

- a) Ensuring that seventy percent (70%) of the total income is generated from internal and external sources, with exchequer providing 30%.
- b) Operationalizing Cost Centres within the directorates of NMK
- c) Establish a Museum Entrepreneurship Development and Marketing Centre for coordinating product development, commercialization and marketing in collaboration with industry players.
- d) Develop a legal framework for establishing and operationalising the Endowment Fund for enhancing resource mobilization.
- e) Bid for ring fencing of resource for its conservation and heritage management with The National Treasury.

Globally, natural and cultural heritage are increasingly threatened with destruction not only by the traditional causes of decay, but also by changing social and economic conditions which aggravate the situation with even more formidable phenomena of damage or destruction. African nations face the challenge to develop and implement strategies that effectively address the need for balancing heritage conservation and other development needs. Convention parties to UNESCO therefore seek to effectively manage existing properties by recognising, documenting and formalising traditional management systems and fully incorporating them into existing management mechanisms. The challenges for Sub-Saharan Africa to build on its limited archaeological heritage and realize

economic benefit from sustainable development of these important assets is largely due to lack of expertise and available experience.

#### ii) Environmental performance

The NMK is committed to protection and enhancement of the local and global environment, health and safety in natural and cultural heritage research and collection management. NMK as an institution, its institutes, centers, staff and stakeholders are expected to consciously think about their role in managing Environmental health and safety (EHS) issues and act in ways consistent with:

- i. Reduction of negative social and environmental risks
- ii. Conservation and prudent utilization of resources
- iii. Respect for biodiversity and natural systems.

Here is an outline of some of the many successes achieved:

- i. EHS committee: NMK has established EHS committee, which has promoted environment, health and safety inspections and undertaken awareness and education. Such as raising awareness about benefits of using protective materials in the laboratories where chemicals and reagents are used in research, collections and exhibitions.
- ii. Energy efficiency: Ensuring energy efficiency and conservation throughout our operations is important, as it impacts both our greenhouse gas (GHG) footprint and our cost structure. NMK has appropriately replaced incandescent bulbs with energy saving bulbs.
- iii. Water conservation: Our operations are not relatively water intensive but as national/ global water consumption has increased at a fast pace we work to use water carefully and responsibly in our operations. Primary water uses include mainly sanitation and employee consumption. NMK is constantly investing in water conservation by having timed taps, checking water leakages as routine measures to minimize water wastage.
- iv. Tree planting: NMK has endeavored to invest to support seedling production at the Nairobi Botanic Garden and through funded projects at community sites.

- Additionally, NMK has participated in tree planting exercises involving staff and management.
- v. Biodiversity conservation: NMK has a long track record of supporting biodiversity research projects. Additionally, NMK has been a key and relevant led agency in multi-agency committees for Environmental matters in accordance with the Environmental management and coordination Act, EMCA 1999 championing for biodiversity conservation.
- vi. Climate strategy: NMK incorporate climate change considerations into all aspects of our business strategy. Among the climate change considerations are events can threaten business continuity. We are continually refining our disaster response plans and we recently constructed the sea wall to protect the Fort Jesus Museum.
- vii. Environmental audits: Environmental audits are undertaken as per the regulatory standards and sound environmental practice.
- viii. Stakeholder engagement: NMK has a systematic approach to stakeholder engagement. Every two years, NMK runs open days/scientific conferences to share the research activities and findings with key stakeholders which range from research partners, NGOs, community groups, government agencies, research institutions and scientific academies. This engagement has been essential in aiding NMK stay abreast of current trends, perspectives and policy matters that affect our service, customers and collaborators.
- ix. Physical structures: NMK has provided for adequate signage and visitor information within the Museum compound.
- x. Dust management: NMK has provided for well paved roads and car parks limiting dust emission from vehicles within the compound.

#### Outline shortcomings:

Financial constraints to meet some of the targets such as production of seedlings and to carry out environmental audit in the regional museums.

#### Efforts to manage biodiversity:

NMK takes cognizance of biodiversity and environmental impacts when making decisions relating to planning, landscaping, facilities management and construction. NMK is running diverse projects on biodiversity conservation and monitoring as part of its mandate. Additionally, NMK partners with diverse institutions in monitoring species and their habitats for enhancing their survival.

#### Waste management policy:

Solid waste management policy at NMK focuses on adoption of waste separation, investing in waste disposal infrastructure and investing in sensitization of cleaning service providers. Electronic waste material (e-waste) such as old or broken computers, printers, copiers, and other hazardous waste is an area of significant environmental concern to us that is a fast-growing waste segment. To prevent these hazardous waste from entering the country's damp sites or landfills. NMK's e-waste policy was developed and is keenly implemented.

#### iii) Employee welfare

The policies guiding the hiring process are borrowed from the Public Service Commission-Human Resource Policies and Procedures Manual for the Public Service, May, 2016 and the NMK Terms and Conditions of Service and Procedures Manual.

Recruitment is undertaken on the basis of fair competition and merit; representation of Kenya's diverse communities; adequate and equal opportunities to all gender, youth, members of all ethnic groups, persons with disabilities and minorities.

All vacant positions are filled in competitively through advertisements, followed by interviews conducted by relevant committees.

Policies are reviewed after every five (5) years.

#### Efforts made in:

- a) Improving skills and managing careers; mentoring, training and development of staff, job rotation, staff attend seminars and workshops relevant to their areas of specialization.
- b) Appraisal- done annually
- c) Reward systems-award of salary bonus

It is the policy of the National Museums of Kenya to enforce appropriate measures to control and monitor health and safety procedures to ensure a safe and healthy working environment for all employees, and those who may be affected by our undertakings. The Health Safety and Environment (HSE) Committee has the ultimate responsibility for health and safety in the organization, and the protection of its environment.

The National Museums of Kenya is committed to protection and enhancement of the local and global environment, health and safety in in natural and cultural heritage research and collection management, National Museums of Kenya as an organization, its institutes and centres, staff and stakeholders are expected to consciously THINK about their role in managing EHS issues and ACT in ways consistent with the following fundamental principles:

- a) (Reduction) Commitment to reduction of negative social and environmental risks,
- b) Conservation and prudent utilization of resources and
- c) Respect for biodiversity and natural systems.
- iv) Market place practices: -
- a) Responsible competition practice:

The National Museums of Kenya is believing in inclusivity and stakeholder engagement. For this reason, the National Museums of Kenya engages regularly with stakeholders in Education as well as those in the Tourism sector as they represent the largest client groups visiting the Museums.

All Museum gate fees are gazette, and are very competitive in the market. They ensure that majority of Kenyans can afford to visit a Museum that is near them. Other prices, like

Venue hire, are currently being revisited because of the Covid-19 restrictions on permissible numbers, and spacing at the select venues.

In a bid to embrace safety during the pandemic, we are now accepting mobile money and card payment only at our sites. This has greatly increased accountability at our various ticketing offices around the country.

#### b) Responsible Supply Chain and Supplier relations:

The National Museums of Kenya ensures that the Finance Team, the Procurement Team and the Accounting Officer are working together. All procurement must be approved by the Accounting Officer who is the Director General. The Director General will only approve procurement of items he is sure NMK can afford to pay for.

#### c) Responsible marketing and advertisement:

One of the largest consumer groups at the National Museums of Kenya are schools. NMK therefore has to be extremely careful in the language used in the adverts, and the placement of the adverts. We are also careful on the type of sponsors we seek for events targeting children. We are careful to not to target the children directly, but to go through their guardians; teachers and parents. Our advertising is sensitive to the diverse nature of Kenya's population.

#### d) Product stewardship:

NMK is in constant communication with target group leads like Schools, and Tour Operators who bring feedback from their clients; the student, teachers and tourists. This has allowed us to ensure that all visitor feedback is taken seriously and addressed with urgency. There are also Visitor Books whose content is analyzed by the Public Relations Department, and an internal committee assesses the feedback.

NATIONAL MUSEUMS OF KENYA Annual Reports and Financial Statements

For the Year Ended June 30, 2022

10. REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the

year ended June 30, 2022, which show the state of the Organizations affairs.

Results

The results of the Organizations for the year ended June 30, 2022 are set out on page 1

to 4.

**Board of Directors** 

The members of the Board of Directors who served during the year are as shown on page

vi to ix.

Surplus remission

In accordance with Regulation 219(2) of the Public Financial Management (National

Government) Regulations, regulatory entities shall remit into consolidated fund, ninety per

centum of its surplus funds reported in the audited financial statements after the end of

each Financial Year. The entity did not make any surplus during the year (FY 2022 Kshs.

Nil) and hence no remittance to the Consolidated Fund.

**Auditors** 

The Auditor General is responsible for the statutory audit of the organization in accordance

with Article 229 of the Constitution of Kenya and the Public Audit Act 2015, which

empowers the Auditor General to nominate other auditors to carry out the audit on his

behalf.

By Order of the Board

#### 11.STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 of the Public Finance Management Act, 2012 and section 23 of the National Museums and Heritage Act of 2006, requires the Directors to prepare financial statements. The financial statements should give a true and fair view of the state of affairs of the National Museums of Kenya at the end of the financial year/period and the operating results of the Organization for that year/period. The Directors are also required to ensure that the Organization keeps proper accounting records, which disclose with reasonable accuracy the financial position of the organization. The Directors are also responsible for safeguarding the assets of the National Museums of Kenya.

The Directors are responsible for the preparation and presentation of the organization's financial statements, which give a true and fair view of the state of affairs of the organization for and as at the end of the financial year ended on June 30, 2022.

#### This responsibility includes:

- i. Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- ii. Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity;
- iii. Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- iv. Safeguarding the assets of the organization;
- v. Selecting and applying appropriate accounting policies; and
- vi. Making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the organizations financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting

Standards (IPSAS), and in the manner required by the PFM Act and the State Corporations Act. The Directors are of the opinion that the organization's financial statements give a true and fair view of the state of organization's transactions during the financial year ended June 30, 2022 and of the organization's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the organization, that have been relied upon in the preparation of the organization financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the organization will not remain a going concern for at least the next twelve months from the date of this statement.

#### APPROVAL OF THE FINANCIAL STATEMENTS

The Organization's financial statements approved by the Board on 20th March 2023 and signed on its behalf by:

Mr Edwin Abonyo Chairman of the Board Mr. Stanvas Ongalo Ag. Director General

# REPORT OF THE AUDITOR-GENERAL ON NATIONAL MUSEUMS OF KENYA FOR THE YEAR ENDED 30 JUNE, 2022

#### **PREAMBLE**

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

#### REPORT ON THE FINANCIAL STATEMENTS

#### **Qualified Opinion**

I have audited the accompanying financial statements of the National Museums of Kenya set out on pages 1 to 45, which comprise of the statement of financial position as at 30 June, 2022, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the National Museums of Kenya as at 30 June, 2022, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the National Museums and Heritage Act, 2006 and the Public Finance Management Act, 2012.

#### **Basis for Qualified Opinion**

#### 1. Unsupported and Undisclosed Property, Plant and Equipment Balance

The statement of financial position reflects property, plant and equipment balance of Kshs.3,800,925,071 which, as disclosed in Note 14 to the financial statements, includes an amount of Kshs.1,575,127,445 in respect of land which has however, not been valued since 1990. As previously reported, the National Museums of Kenya has one hundred and fifty (150) parcels of land spread across the Country, out of which only forty-three (43) parcels had title deeds and the remaining 107 parcels had no ownership documents. Further, the property, plant and equipment net book value of Kshs.3,800,925,071 includes heritage assets whose value could not be verified due to lack of a fixed assets register.

Management has not disclosed the heritage assets that have future economic benefits or service potential other than their current heritage value and those heritage assets whose future economic benefit or service potential is limited to their heritage characteristics. In addition, no disclosures have been made on other heritage assets such as the measurements basis, method used, gross carrying amount and accumulated depreciation at the end of the year.

In the circumstances, the accuracy and fair statement of property, plant and equipment balance of Kshs.3,800,925,071 as at 30 June, 2022 could not be confirmed.

#### 2. Unsupported Employee Costs Balance

The statement of financial performance reflects employee cost of Kshs.1,325,411,277 which, as disclosed in Note 6 to the financial statements, includes salaries totalling Kshs.1,050,678,625. However, supporting documents by way of payroll summaries and corresponding payment vouchers were not provided for audit.

In the circumstances, the accuracy and validity of the employee costs of Kshs.1,325,411,277 could not be confirmed.

#### 3. Unsupported Bank Overdraft Balance

The statement of financial position and as disclosed in Note 16 to the financial statements, reflects a bank overdraft balance of Kshs.114,846,330 which was however, not supported by way of Board minutes approving the overdraft, bank confirmation certificates, bank reconciliation statements and cash book extracts.

In the circumstances, the completeness, accuracy, validity and the fair statement of the bank overdraft balance of Kshs.114,846,330 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Museums of Kenya Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

#### Other Matter

#### 1. Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final receipts budget and actual on a comparable basis of Kshs.1,687,110,000 and Kshs.2,551,363,059 respectively resulting to an overperformance by Kshs.864,253,059 or 51% of the approved budget. Similarly, Management expended an amount of Kshs1,898,607,728 against an approved budget of Kshs.1,506,787,225, resulting to an over-expenditure of Kshs.391,820,503 or 26% of the budget.

The over-collection indicates that Management may have under-budgeted for revenue and did not take into account all variables likely to affect it. Further, no approval for the over-expenditure was provided for review.

#### 2. Long Outstanding Trade and Other Payables

The statement of financial position reflects trade and other payables from exchange transactions balance of Kshs.394,526,698 which, as disclosed in Note 15 to the financial statements, includes an amount of Kshs.163,062,003 in respect of trade payables. However, a review of the documents supporting the trade payables balance revealed outstanding bills amounting to Kshs.19,604,940 which has been outstanding for more than one year with some balances dating as far back as the financial year 2014/2015. No explanation was given as to why the bills were not cleared during the year in which they

fell due despite the Corporation reporting a positive cash and cash equivalent balance of Kshs.543,842,736 as at the end of the financial year.

Management is at risk of being sued for breach of contractual terms.

#### 3. Unresolved Prior Year Matters

In the audit report of the previous year, a number of paragraphs were raised. However, Management has not resolved and disclosed all the prior year matters as provided by the Public Sector Accounting Standards Board's financial reporting templates. Management has not provided satisfactory explanation for the delay in resolving the issues.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

#### Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

#### **Basis for Conclusion**

#### 1. Delay in Completion of Ablution Blocks at Fort Jesus Museum

Review of documents revealed that Management awarded a contract for the construction of a sea wall at Fort Jesus at a contract sum of Kshs.226,022,710 which included an amount of Kshs.11,514,020 for construction of two (2) ablution blocks. The project commenced on 03 September, 2020 with expected completion date of 03 March, 2021 which was revised to 15 March, 2022. However, physical verification of the project in the month of February, 2023 revealed that only the construction of one of the ablution blocks was underway, while the construction of the other block was yet to start despite the lapse of the extended completion date.

In the circumstances, value for money may not be realized from the expenditure already incurred on the construction of the ablution blocks.

#### 2. Delay in Completion of Njuri Ncheke Shrine

Review of documents revealed that Management awarded a contract for the construction of Njuri Ncheke Shrine at a contract sum of Kshs.58,976,000 on 05 June, 2020 for 48 weeks ending on 04 June, 2021. By the end of the year under review, an amount of Kshs.39,560,475 or 67% of the contract sum had been paid to the Contractor. However, physical verification in the month of February, 2023 revealed that the Project had stalled at lintel level and the contractor had abandoned the site. No explanation was given for the delay in the completion of the Project.

In the circumstances, value for money may not be realized from the expenditure of Kshs.39,560,475 incurred on the Project.

#### 3. Poor Workmanship at Tom Mboya Mausoleum

Review of documents revealed that Management awarded a contract for the construction of Tom Mboya Mausoleum at a contract sum of Kshs.45,457,740 on 28 May, 2018 for a duration of 16 weeks ending on 27 September, 2018. By the end of the period under review, an amount of Kshs.28,962,227 had been paid. However, physical verification of the project in the month of February, 2023 revealed that the ablution block was not functional, manhole covers had sunk while the ceiling had collapsed. Further, water and electricity had not been connected to the building, while the pit latrine was of poor workmanship. In addition, the solar powered lights installed were not functioning and as a result, no revenue was being generated from the project.

In the circumstances, value for money may not be realized from the expenditure of Kshs.28,962,227 already incurred on the Project.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

#### Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

#### **Basis for Conclusion**

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material

misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Entity's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Entity or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Entity's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

#### Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal controls in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in

accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal controls would not necessarily disclose all matters in the internal controls that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal controls components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Entity to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Entity to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathunga, CBS AUDITOR-GENERAL

Nairobi

28 April, 2023

#### 18. NOTES TO THE FINANCIAL STATEMENTS

#### 1. General Information

National Museums of Kenya is established by and derives its authority and accountability from National Museums and Heritage Act. The entity wholly owned by the Government of Kenya and is domiciled in Kenya. The entity's principal activity is establishment of National Museums and the identification, protection, conservation and transmission of the cultural and natural heritage of Kenya

#### 2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, financial instruments at fair value and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Organization's accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the National Museums of Kenya. The cash flow statement is prepared using indirect method.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

#### Adoption of New and Revised Standards

i. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022

| Standard Im |           | lm  | nact   | _ |
|-------------|-----------|-----|--|---|
|             | dard      |     | fective date and impact:   |   |

## iii. Early adoption of standards

The entity did not early - adopt any new or amended standards in year 2021/2022.

## Summary of significant accounting policies

- a) Revenue Recognition
- b) Revenue from non-exchange transactions

### Transfers from government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

#### Government Grants

- i. Recurrent government grant credited to the Statement of Financial Performance based on the payment made by the government of Kenya.
- ii. Development grant is credited to the Statement of Financial Performance based on the amount spent. The unspent amount is deferred until spent.

### Project income

These are funds earmarked for specific projects mostly dealing with Research in particular areas. The projects funds are credited to a deposit Account when received and only transfer the amount spent each month to income. In this case, income and expenditure are always the same. The balance remains in the respective deposit account.

#### c) Taxation

The National Museums of Kenya adheres to taxation laws through timely filing of its tax obligations. VAT and excise duty are exempted on case by case-on application to the National Treasury and Kenya Revenue Authority.

## d) Revenue from exchange transactions

#### Rendering of services

The entity recognizes revenue from rendering of services to the public through gate admissions.

## Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably.

#### Interest income

Interest income is accrued using the negotiated rate.

#### Rental income

Rental income arising from operating leases on investment properties is accounted for upon realization.

### e) Property, Plant and Equipment

Property, Plant and Equipment is stated at historical cost less accumulated depreciation. The assets are not depreciated in the year of purchase. Depreciation is calculated on the reducing balance basis to write down the cost of each asset to its residual value over its estimated useful life using the following rates:

| • | Motor Vehicles          | 25%   |
|---|-------------------------|-------|
| • | Equipment and furniture | 12.5% |
| • | Computers               | 25%   |
| • | Buildings               | 1%    |

#### f) Exhibits and Collections

As a policy, no value has been placed on exhibits, study collection and fixtures. Museum Exhibits have no commercial value, and the study collection is priceless.

### g) Purchase of Animals

Purchase of primates is expensed in the financial performance statement at the time of purchase.

#### h) Financial Instruments

(i) Financial Assets

### Initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The organization determines the classification of its financial assets at initial recognition.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognized on the trade date, i.e., the date that the organization commits to purchase or sell the asset.

The National Museums of Kenya financial assets include cash and short-term deposits; trade and other receivables.

### Derecognition

The organization derecognizes a financial asset or, where applicable, a part of a financial asset or part of a group of similar financial assets when; The rights to receive cash flows from the asset have expired or is waived, the organization has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party; and either: (a) the organization has transferred substantially all the risks and rewards of the asset; or (b) the organization has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

#### (ii) Financial Liabilities

#### Initial Recognition and Measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit as appropriate. The National Museums of Kenya determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of borrowings, plus directly attributable transaction costs.

The organization's financial liabilities include trade and other payables, bank overdrafts, financial guarantee contracts.

### i) Employee Benefits

### (i) Short Term

NMK has employees who carries out day-to-day operations and are entitled to salaries and allowance. The organization recognises these salaries and allowances as expenses, which are charged to financial performance statement.

#### (ii) Retirement Benefits

NMK operates a defined contribution staff Retirement Benefit Scheme for its employees. The Scheme is administered by Insurance Company of East Africa and is funded by contribution from both NMK and the employees. It also pays gratuity to staff on contract. NMK's contribution is charged to the financial performance statement in the year to which they relate. NMK also contributes to a statutory defined scheme; the National Social Security Fund (NSSF) contributions are determined by local statute and are currently vary according to basic salary per employee per month.

## j) Nature and Purpose of Reserves

#### (a) Capital Reserve

The organization creates and maintains reserves in terms of specific requirements. National Museums of Kenya has capital reserves and revaluation reserves. Reserves are monies budgeted, collected and set aside for replacement or deferred maintenance to the capital improvements. Boards establish reserve accounts for the future replacement or deferred maintenance of the common areas.

Reserve funds enable the organization to maintain the common areas with a reduced risk of special assessments and minimize the impact of financial challenges. The fund establishes

and preserves reserves for a strong financial position to meet future expenditures and reduce the potential for reduction in property values.

### (b) Revenue Reserve

A reserve, which is created out of the revenue profit, is called revenue reserve. Revenue profit is earned in the normal course of the business. Revenue reserve refers to the undistributed revenue profit. It is created for strengthening the financial position, replacing depreciable assets, redeeming liabilities and conducting research and development functions.

#### (c) Revaluation Reserve

A revaluation reserve is an increase in the value of fixed assets. Asset revaluation reserve is an accounting concept and represents a reassessment of the value of a capital asset as at a particular date. The reserve is considered a category of the equity of the entity. An asset is originally recorded in the accounts at its cost and depreciated periodically over its estimated useful life as a measure of the amount of the assets value consumed in that period. In practice, the actual useful life of an asset can be miscalculated or an event can cause a change to the useful life. Consequently, assets occasionally need to be revalued in order to reflect a closer approximation to their "worth" in the accounts. When the asset is revalued, the offsetting entry (in a double entry accounting system) would be made either to the profit or loss accounts or to the equity of the entity.

#### k) Branches

The regional stations reports are incorporated in these financial statements.

## 1) Translation of Foreign Currency

Translations in foreign currencies during the year are converted into Kenya Shillings at rates ruling at the transaction dates. Assets and liabilities, which are expressed in foreign currency, are translated into "Kenya Shillings" at rates ruling at the date in the financial position statement. The resulting difference from the conversion and translation are dealt with in the financial performance statement in year, which they arise.

### m) Research and Development

Research and Development expenses are expensed through Financial Performance statement in the year are incurred.

#### n) Budget Information

The annual budget for the period 2021/2022 was prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the entity. As a result of the adoption of the accrual basis for budgeting purposes, there are no basis, timing or entity differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

#### o) Related Parties

The National Museums of Kenya regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the organization, or vice versa. Members of key Management are regarded as related parties and comprise the Directors Executive Team.

#### p) Comparative Figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

#### q) Provisions

Provisions are recognized when the organization has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

## r) Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short-term cash imprests and advances to authorised officers, which were not surrendered or accounted for at the end of the financial year.

### s) Inventories

Inventory is measured at the lower of cost and net realizable value.

## t) Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.

#### Useful Lives and Residual Values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- i. The condition of the asset based on the assessment of experts employed by the Entity
- ii. The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- iii. The nature of the processes in which the asset is deployed
- iv. Availability of funding to replace the asset
- v. Changes in the market in relation to the asset

#### u) Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2022.

#### NATIONAL MUSEUMS OF KENYA

Annual Reports and Financial Statements For the Year Ended June 30, 2022

#### 19. COMMITMENTS AND CONTINGENCIES

#### Capital Commitments

The organization in this financial year has no capital commitments. At the year end, the organization had the following contingent liabilities. National Social Security Fund (N.S.S.F) arrears amounting to Kshs. 169,758,078 which relates to unpaid contributions of Kshs, 14,543,360 being principal amount that was paid before Financial Year end and accrued interest penalty of Kshs. 155,214,718 as tabulated by NSSF remains unsettled. Also pension arrears accrued previous interest amounting to Kshs. 352,138,375 which relates to previous accumulated interest of Kshs. 296,282,613 and accrued interest penalty during the year of Kshs. 55,855,762

The organization was not able to settle all historical pending bills for recurrent and development as directed by The National Treasury due to the covid-19 pandemic, which at year-end stood at Kshs. 105,498,158 and Kshs. 57,563,845 respectively and are likely to attract penalties and litigations.

#### Operating Lease Rentals

The National Museums of Kenya has no operating lease rentals for the financial year 2021/2022.

#### 20. FINANCIAL RISK MANAGEMENT POLICIES

The National Museums of Kenya's financial risk management objectives and policies are as detailed below:

#### Significant Accounting Policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset and financial liability are disclosed in note 2 to the financial statements.

### Financial Risk Management Objectives

The organizations activities expose it to a variety of financial risks including credit risk, liquidity risks, interest rate and the effects of changes in foreign currency rates. The National Museums of Kenya's overall risk management programme focuses on unpredictability of changes in the operating environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk.

#### Interest Rate Risk

The interest rate risk exposure arises mainly from interest rate movements on the company's cash balances.

At 30 June 2022, if the interest rates on the bank balances had decreased/increased by 5 percentage points with all other variables held constant, the impact on surplus for the year would have been Kshs. 21,449,820 (2021: Sh. 4,425,362) higher/lower.

There has been no change to the company's exposure to interest rate or the manner in which it manages and measures the risk.

#### Credit Risk Management

The organization's credit risk is primarily attributable to its other receivables and bank balances.

The amounts of receivables presented in the statement of financial position, estimated by the organization's management based on prior experience and their assessment of the current economic environment.

The credit risk on receivables is limited because the organization does not rely on them.

The credit risk on liquid funds with financial institutions is also low, because the counter parties are banks with high credit ratings.

The amount that best represents the organization's maximum exposure to credit risk as at 30 June 2022 is as follows:

| 2   | Fully Performing | Past Due | Total       |
|---|------------------|----------|-------------|
| Elizabeth received a service of the | Kshs.            | Kshs.    | Kshs.       |
| Bank Balances   | 428,996,406      |          | 428,996,406 |
| Trade Receivables   | 16,336,843       |          | 16,336,843  |

#### Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Management, who have built an appropriate framework. The organization manages liquidity risk by maintaining enough required funds for its operations through continuous monitoring of forecast and actual cash flows. The table below shows the maturity analysis of the financial liabilities that affect liquidity:

As at 30 June 2022

|          | Less than 1 Year | Over 1 Year | Impaired | Total       |
|----------|------------------|-------------|----------|-------------|
|          | Kshs.            | Kshs.       | Kshs.    | Kshs.       |
| Payables | 64,111,635       | -           | =        | 64,111,635  |
| Payables | -                | 98,950,368  | -        | 98,950,368  |
|          |                  |             |          | 6           |
| Total    | 64,111,635       | 98,950,368  |          | 163,062,003 |

#### As at 30 June 2021

| ¥        | Less than 1 Year | Over 1 Year | Impaired | Total       |

Exchange risk

The National Museums of Kenya holds some of its bank balances in foreign currency. The fluctuations in currency exchange rates result in changes in the value of the monetary assets denominated in foreign currency hence expose the Centre to the risk of incurring exchange losses. The monetary assets held in foreign currency are closely monitored to ensure that they are not materially affected by adverse foreign currency fluctuations. There are no other foreign currencies denominated financial assets or liabilities.

At year end, the foreign currency bank account had the following balance:

|                            | AMOUNT                 | AMOUNT   |
|----------------------------|------------------------|--|
|                            | In foreign Currency \$ | Kshs.  |
| At 30 June 2022            |                        |  |
| US dollar bank account HQs | 12,862.76              | 3,730,157  |
| Us dollar bank account IPR | 221,661.16             | 21,117,998   |
| 1. 20 1                    |                        |  |
| At 30 June 2021            |                        | œ.   |
| US dollar bank account HQs | 2,021.65               | 208,230  |
| US dollar bank account IPR | 54,497.04              | 5,745,926  |
|                            |                        | and the State of t |

As at 30 June 2022, an increase/decrease of 10% in the Dollar exchange rates to the Kenya Shilling would have resulted in an increase/decrease in the deficit for the year of Kshs. 2,484,816 (2021 Kshs. 595,416).

#### Capital Risk Management

The objective of the entity's capital risk management is to safeguard the Board's ability to continue as a going concern. The entity capital structure comprises of the following funds:

|   | 2021 – 2022   | 2020 – 2021   |
|---|---------------|---------------|
|   | Kshs.         | Kshs.         |
| Revaluation Reserve                         | 14,635,150    | 14,635,150    |
| Retained earnings                           | (7,592,127)   | (421,723,823) |
| Capital Reserve                             | 3,659,627,673 | 3,530,492,122 |
| Total funds                                 | 3,666,670,696 | 3,123,403,449 |
| Total borrowings                            | -1            |               |
| Less: Cash and bank balances                | 428,996,406   | 88,507,231    |
| Net debt (Excess cash and cash equivalents) | 428,996,406   | 88,507,231    |

## NATIONAL MUSEUMS OF KENYA Annual Reports and Financial Statements

For the Year Ended June 30, 2022

1. The financial statements reflect material difference between the budget and actual amounts.

The internal revenue target as approved in the revised budget estimates was surpassed due

numbers of visitors that gradually increased during the year.

Depreciation, repair and maintenance were within the approved budgetary allocation as well as

repairs and maintenance while employee costs exceeded approved estimates as a result of

increased salaries, pensions, National Social Security and research allowances. repairs on

equipment, buildings and motor vehicles as well as rehabilitation of sites and monuments

activities due to funding by the Sports, Arts and Social Development Fund.

The general expenses exceeded ceilings due to increase in rehabilitation of sites and monuments

activities due to funding by the Sports, Arts and Social Development Fund.

In relation to Board Expenses, overall, they were within budgetary allocation. The savings on

budgetary allocation was as a result of fewer meetings held during the year.

2. Changes from original budget are a consequence of government variations through normal

budgetary process for both recurrent and development grants. Subsequently, a number of other

factors that affect our internal revenue generation also results to alterations in budget to enable

the organization to continue with its operations with minimal interruptions.

# 21. Appendix

Appendix 1: Implementation Status of Auditor-General's Recommendations

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor for 2018/2019 Financial Year. The nominated focal persons resolved the various issues as shown below with the associated period within which we expect the
